Poetry in motion

Vanroyce touring homes are the absolute essence of elegance, never more so than when they are on the move.

They feature design and innovation that set the standards others can only hope to follow.

Typically, every inch is carefully accounted for, with nothing left to chance. Front roof and rear panels are a specially toughened fibre glass, with coordinating side skirts and wheel arches. The floor is equally heavy duty, with underside vinyl protection, and the whole is built on a heavy duty galvanised steel chassis.

The storage is first-class - slide-out gas cylinder trays can carry propane bottles of up to 13kg. A new spacious front locker with built-in storage for a 85 amp battery, and on all straight bed tourers you'll find a new, cleverly designed, "straight through locker."

The now famous Vanroyce boot is featured on all models and offers yet more storage.

The spare wheel is underslung and for added convenience the air pressure check valve is located externally.

And up above, the sun canopy awning channel is fitted above the front windows for ease of

operation, while a class-leading Status FM/TV aerial is fitted as standard on the roof.

For protection, awning rails on both near and off-sides are fastened to rubber seals, there are high quality Vanroyce wheel trims, low level rubbing strakes incorporate the awning skirt channel, the rear light clusters are stylishly designed for maximum visibility and the smooth aluminium side panels are delightfully easy to clean.

THE VANROYCE KITCHEN FEATURES, GOLD AND SANDSTONE FINISHED TAPS, AWARD-WINNING APPLIANCES, UNIQUELY SPACIOUS CUTLERY DRAWERS, SMOOTH, SLIDE-OUT STORAGE BASKETS, HIGH-LEVEL KITCHEN CUPBOARDS WITH VERTICAL DOORS FOR INCREASED STORAGE SPACE

In the *relentless* pursuit of perfection we have pushed yet further back the boundaries of *sumptuous quality* and home *comfort*

WHATEVER YOUR SURROUNDINGS, YOU WILL BE SURROUNDED BY LUXURY

The joy of touring is that it offers you complete freedom to come and go as you please, and to find the perfect location for your holiday.

The joy of Vanroyce touring is that no matter where you go, no matter what your surroundings, you will always be surrounded by luxury of the highest standards.

This is immediately apparent from the attention to detail that provides you with a set of etched whisky, wine and sherry glasses, to the overall standards of craftsmanship and design that go into each Vanroyce tourer.

Nothing is left to the imagination - the sleeping accommodation features roomy slide out drawers under the beds, inner curtains on wardrobe doors on ET models, an illuminated cocktail cabinet, a choice of rose pink or mistletoe green luxury treated carpet with matching velvet lined curtains, pelmets and curtain retainers, complimented by attractively finished bolster and scatter cushions, while the whole area is sympathetically lit by the new circular halogen ceiling lights together with a series of effective a multi-directional reading lights. There's even a CD rack.

Equal attention has been paid to the kitchen - there are award-winning appliances, sandstone / gold plated victorian style domestic kitchen taps, uniquely spacious cutlery drawers, smooth, slide-out storage baskets, high-level kitchen

cupboards with vertical doors for increased storage space.

VANROYCE TOURERS FEATURE A RANGE OF OPTIONS THAT INCLUDE FITTED CD/RADIO PLAYER WITH CONCEALED SPEAKERS AND A CD RACK,

an invigorating shower, gold plated Victorian style taps, and removable hanging rails.

The rolled edge furnishings throughout provide extra style and safety, which is matched by the fitted clock and barometer; all doors are hardwood framed and throughout, the luxury finish is provided by Acer wood.

ALL THE COMFORTS OF HOME

You will, naturally, be used to an exceptionally high level of comfort at home. So it is equally natural to expect exactly the same standards in your touring home.

In the kitchen, you will find an Electrolux refrigerator with full-width freezer compartment, a new Belling 'slot-in' oven unit with its unique 700 watt hotplate and recessed glass worktop.

Your home is heated by the new Carver 5500 dual fuel heating system, and lit with systems similar to your own home - dimmer switches, shelf lights, cupboard lights, low level floor

courtesy night light, even separate low level switching for the lounge ceiling lights.

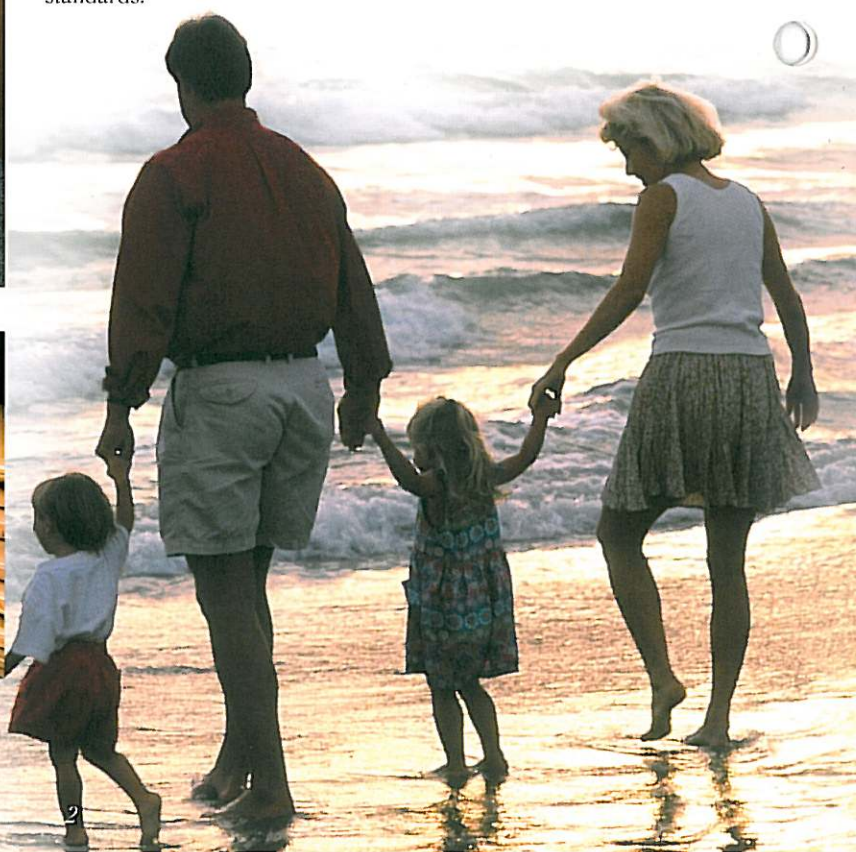

Overall, the power supply and more is controlled by the easy to use electronic environment control unit with a digital readout

covering master switching, outside and inside temperature gauge, battery charge and condition, the exterior pump switch, hazard lights, a digital clock and, optionally, the fresh water tank level, an audible low water warning and interior pressurised pump switch.

What's more, Vanroyce tourers feature a range of options that include fitted CD/radio player with concealed speakers and a CD rack, a cocktail cabinet with lights, and an Omnivent motorised variable speed roof light with full fly-screen.

If a *high quality* Touring home is about *integrity and beauty*, Vanroyce give the terms a new *impetus*

ILLUMINATED COCKTAIL CABINET PLUS CD RADIO AND CD STORAGE

IN THE BATHROOM, THERE IS AN INVIGORATING SHOWER, GOLD PLATED VICTORIAN STYLE TAPS AND REMOVABLE HANGING RAILS.

THE SECURITY YOU NEED
Of course, Vanroyce leaves nothing to chance when it comes to safety and security.

There are both high and low level side marker lights, a new sleek 'A' frame cover, lockable storage for the cables, a spare wheel pressure check valve, independent hazard lights and all gas appliances are fitted with isolation taps and flame failure devices.

As part of the "Classic specification, you would also benefit from the additional features of the automatic gas changeover valve, Tyron safety bands to all wheels, including the spare, an Al-ko heavy duty stabiliser and an Al-ko Delta axle system for added stability and comfort. Also on the Classic specification Tourers you can expect to find the Al-ko caravan jack together with a

warning triangle and wheel chocks located in the boot. A whole host of features makes your tourer less likely to be targeted by the unscrupulous.

The first level is provided by a full security alarm system with key pad operated personal number code. In the unlikely event of an intruder entering the vehicle the PIR personal sensor alerts everyone within reach. For added security the identity number is etched into all windows and chassis.

VANROYCE FEATURE AL-KO HEAVY DUTY STABILISER AND AN AL-KO DELTA AXLE SYSTEM FOR ADDED STABILITY AND COMFORT.

THE VANROYCE OWNERS CLUB

When you own a luxurious, exclusively styled Vanroyce touring home, you will naturally wish to share your pride in ownership.

Where better than with the Vanroyce Owners' Club? With a current membership of over 500, the club brings together owners from a wide range of backgrounds and professions, to share experiences and advice with each other.

There is a superb programme of events throughout the year, each with its own unique stamp - some of our previous events have included a weekend in Wales, autumn in the Lake District, and the magic of the Rhine Valley, with everything from short weekends to a full fortnight.

We're sure you'll enjoy the special camaraderie that sums up the Vanroyce lifestyle, and you won't be surprised to learn that lifelong friendships are made through the club.

The club has its own newsletter informing you of forthcoming events, technical information, members' letters and much more.

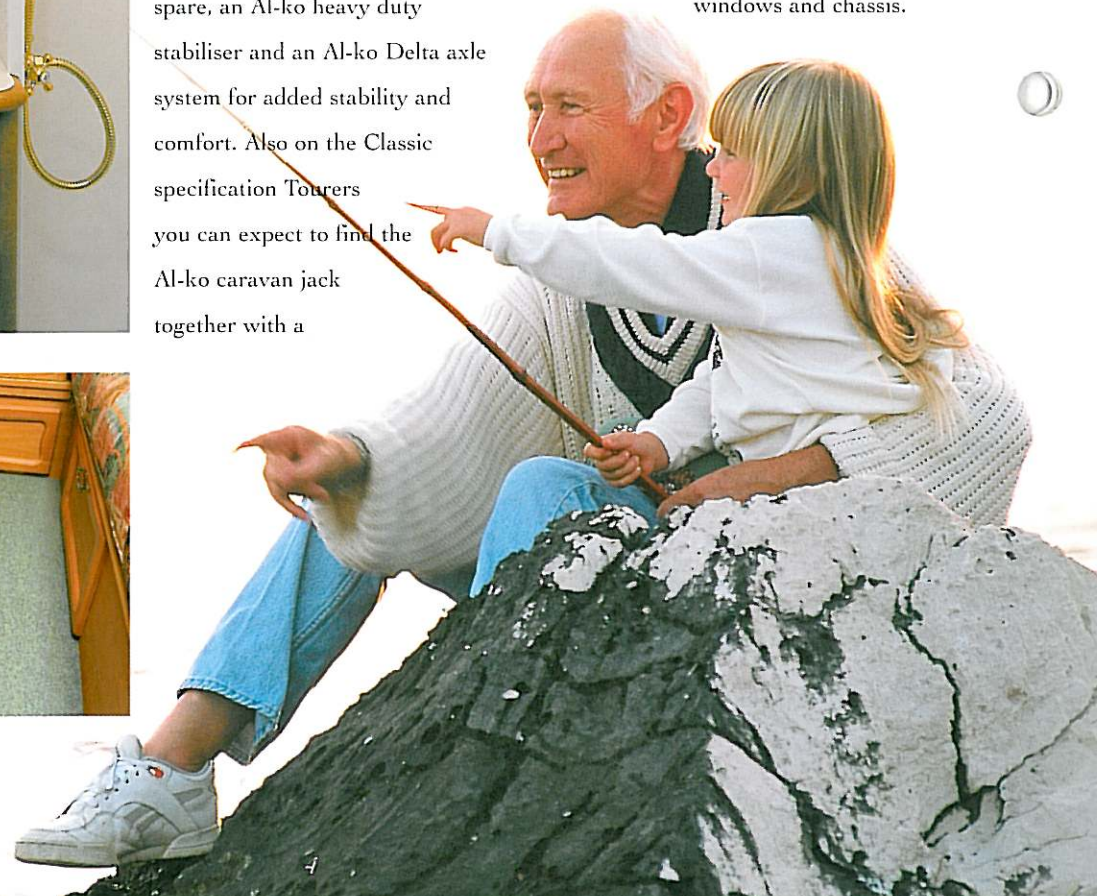

Additionally, the club is part of the Association of Caravanners and Camping Exempted Organisations, providing you with preferential rates for insurance, roadside assistance, vehicle recovery, ferry crossings and much more.

For full details, please write to The Vanroyce Caravan Owners Club, Hon. Secretary Mrs Sheila Topley, 'The Nook', 6 Whetstone Close, Reynards Park, Nuthall, Nottingham NG16 1QW.
