# START YOUR ADVENTURE

**OPUS®** is a revolutionary folding camper. It is ultra-lightweight and extremely easy to tow, even with a small car. Its low profile allows for all round visibility, so you can hitch up and drive away with confidence. But don't let its stature fool you. It is strong, rugged and extremely versatile. With two reinforced lids and a universal racking system **OPUS®** is the perfect load-carrying platform. Carry boats, carry bikes, carry kayaks, carry kites, carry anything, carry everything.

**2017 brings the launch of AIR OPUS® our most exciting product design update ever! Using Air pole technology to inflate the camper in just 90 seconds, reducing overall setup time and removing traditional poles completely. Camping in style - made even easier!**

At **OPUS®** we don't think you should have to choose between practicality and comfort, so we match all of our practicalities with pure luxury. Soft double beds for the perfect nights sleep. Plush leatherette seating for a comfortable place to relax. Stainless steel sink with running water, kitchenette with gas hobs and a refrigerator, heating, lighting, plug sockets, the list goes on and on. All of which make **OPUS®** inviting, relaxing and comfortable.

**OPUS®** means freedom. The freedom to roam, the freedom to discover, the freedom to travel...wherever you want, whenever you want.

**OPUS®** is all about you. **OPUS®** enables you to create unforgettable memories with family and friends. Whether you are visiting your favourite British chocolate box beauty spot, roaming the continent on the look out for new adventures and experiences or using **OPUS®** as a base camp for your favourite outdoor pursuits, **OPUS®** is all about you! After a long day, **OPUS®** provides you with the luxury you deserve.

1050kg
**250kg Payload**

1250kg
**450kg Payload**

1500kg
**700kg Payload**

# EXTERIOR

The **OPUS®** has been designed for use in all seasons. The Poly-Cotton Canvas is heavy duty and tested to withstand the elements. The aluminium frame is lightweight yet rigid and strong; with aluminium panels to reduce the overall towing weight. The panels are fully insulated for those chilly nights away!

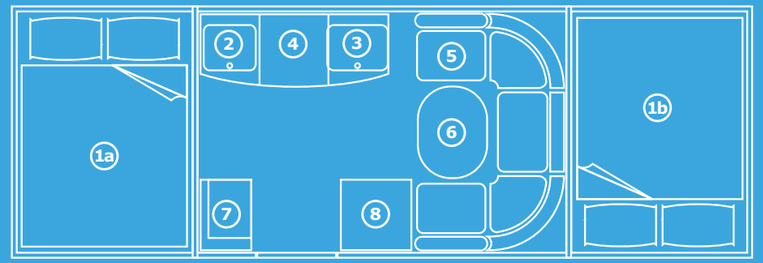
The **OPUS®** weighs just 800kg; which means it can be pulled with any UK Car Driving License. We offer four different chassis options depending on your desired payload and category of your licence. The trailer is braked and comes complete with 13 pin electrics for easy hook up. The 13 pin electrics also allows the leisure battery to charge whilst driving and will even keep your fridge cool! Due to the **OPUS®** being lightweight and the trailer being braked towing is a breeze!

The **OPUS®** uses a German engineered and built BPW A-Frame Chassis which complies with European Type Approval, all chassis options are free of charge.

# INTERIOR

The **OPUS®** interior has been specially designed by our UK design team to be functional, accessible and luxurious. Finished to the highest quality, the **OPUS®** interior gives you everything you need to be comfortable and enjoy your trip. Whether you are spending a night in the **OPUS®** or a month, you can be sure that you are fully equipped and comfortable.

Not only does the **OPUS®** interior benefit from luxury and practicality but it is also light and spacious. With windows, sky lights, and electric lighting **OPUS®** will never leave you in the dark! The ceiling height of nearly 2.5 metres means there certainly is enough room to swing the proverbial cat!



**1.** Fixed Double Bed Areas with Inner Privacy Tents.
**2.** Stainless Steel Sink with Glass Lid.
**3.** Two Burner Gas Hob with Piezo Ignition and Glass Lid.
**4.** Work Surface with Drawer Unit.
**5.** Seating Area (with additional double bed).
**6.** Table (demountable).
**7.** Portable Toilet/Storage Unit.
**8.** Cabinet Mounted 3-way Refrigerator.

12v & 240v Electrics | Gas Hob & Running Water | Sleeps Up To 6 People | 3-Way Fridge | Electric Heating

# SET UP - READY STEADY GO!

UNWIND CORNER STEADIES

UNCLIP LID & UNFOLD

ATTACH BED SUPPORTS

FULLY EXTEND POLES

SECURE THE TENT

TURN ON THE AIR PUMP

The **OPUS®** could not be simpler to erect - follow the simple 5 steps and you are ready to relax!

Our brand new **AIR OPUS®** further reduces setup time, just turn on the pump, sit back and watch the **AIR OPUS®** inflate!

The set up can be completed by one person, due to the hydraulic struts there is little weight in opening the lids.

Watch the short set up video online at **www.opuscamper.co.uk**

£99 Each

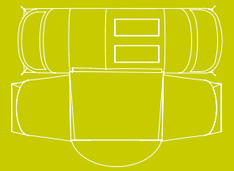
# AWNINGS - THE NEED FOR SPACE!

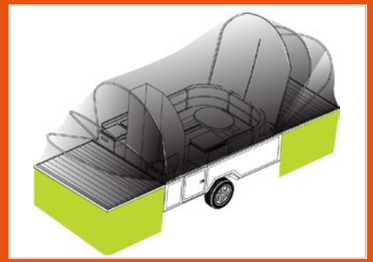
The **OPUS®** Full Awning provides a huge extra living area for you to enjoy. The Full Awning is custom made and is designed to compliment the shape and style of the **OPUS®** itself. The Full Awning is capable of taking two extension pods, which in turn can each take an inner privacy tent turning the space into a sleeping area, transforming your **OPUS®** to a huge 10 berth camper. That is enough space for you, your kids, both sets of grandparents (in-laws optional) and whoever elseyou might want to come along.

- **Full Awning** (Including extension pods and inner tents)
  £1499

The **OPUS®** Sun Canopy is perfect for keeping you shaded and cool.

- **Sun Canopy**
  £299





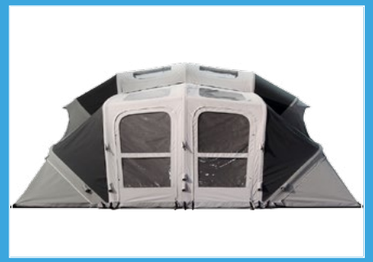
Need more storage whilst away on holiday? The **OPUS®** Side Skirts are designed to provide a large amount of outside sheltered storage.

The Side Skirts are made of matching tent fabric and attach with velcro to the bed trays to create large dry storage areas at either end.

**OPUS®** Side Skirts are avaliable for both the standard and air version.

**Side Skirts**
£299

AIR OPUS®



The **AIR OPUS®** Full Awning dramatically reduces setup time when travelling as a large party.

Incorperating fixed bed ends featuring both roof and side windows in both bedroom areas.

With a larger internal floor area than our standard pole awning our new air version will marvel spectators at any campsite!

**2 YEAR WARRANTY**
ON AIR TUBE TECHNOLOGY
