www.highbridge-caravans.co.uk

Whatever your touring needs or desires, Abbey can perfectly accommodate. Practical, versatile and bursting with design innovation, this distinctive four-range collection has quality and choice in abundance. With 22 models to choose from, all requirements and budgets are catered for with an ideal combination of the finest style, comfort and safety.

Design practicality is high on the agenda as Abbey strive to deliver the perfect balance between form and function. For 2002, distinctive GRP (Glass Reinforced Plastic) front and rear panels are joined by one-piece GRP sidewalls on all models, making this impressive collection truly unique.

A stylish yet light, durable and astonishingly tough alternative to aluminium, GRP offers a host of incredible advantages including improved qualities of impact and scratch resistance. This innovative all-weather material is maintenance free and has the advantages of distinctive good looks and a totally smooth gloss finish - remarkable qualities that combine to improve the Abbey experience.

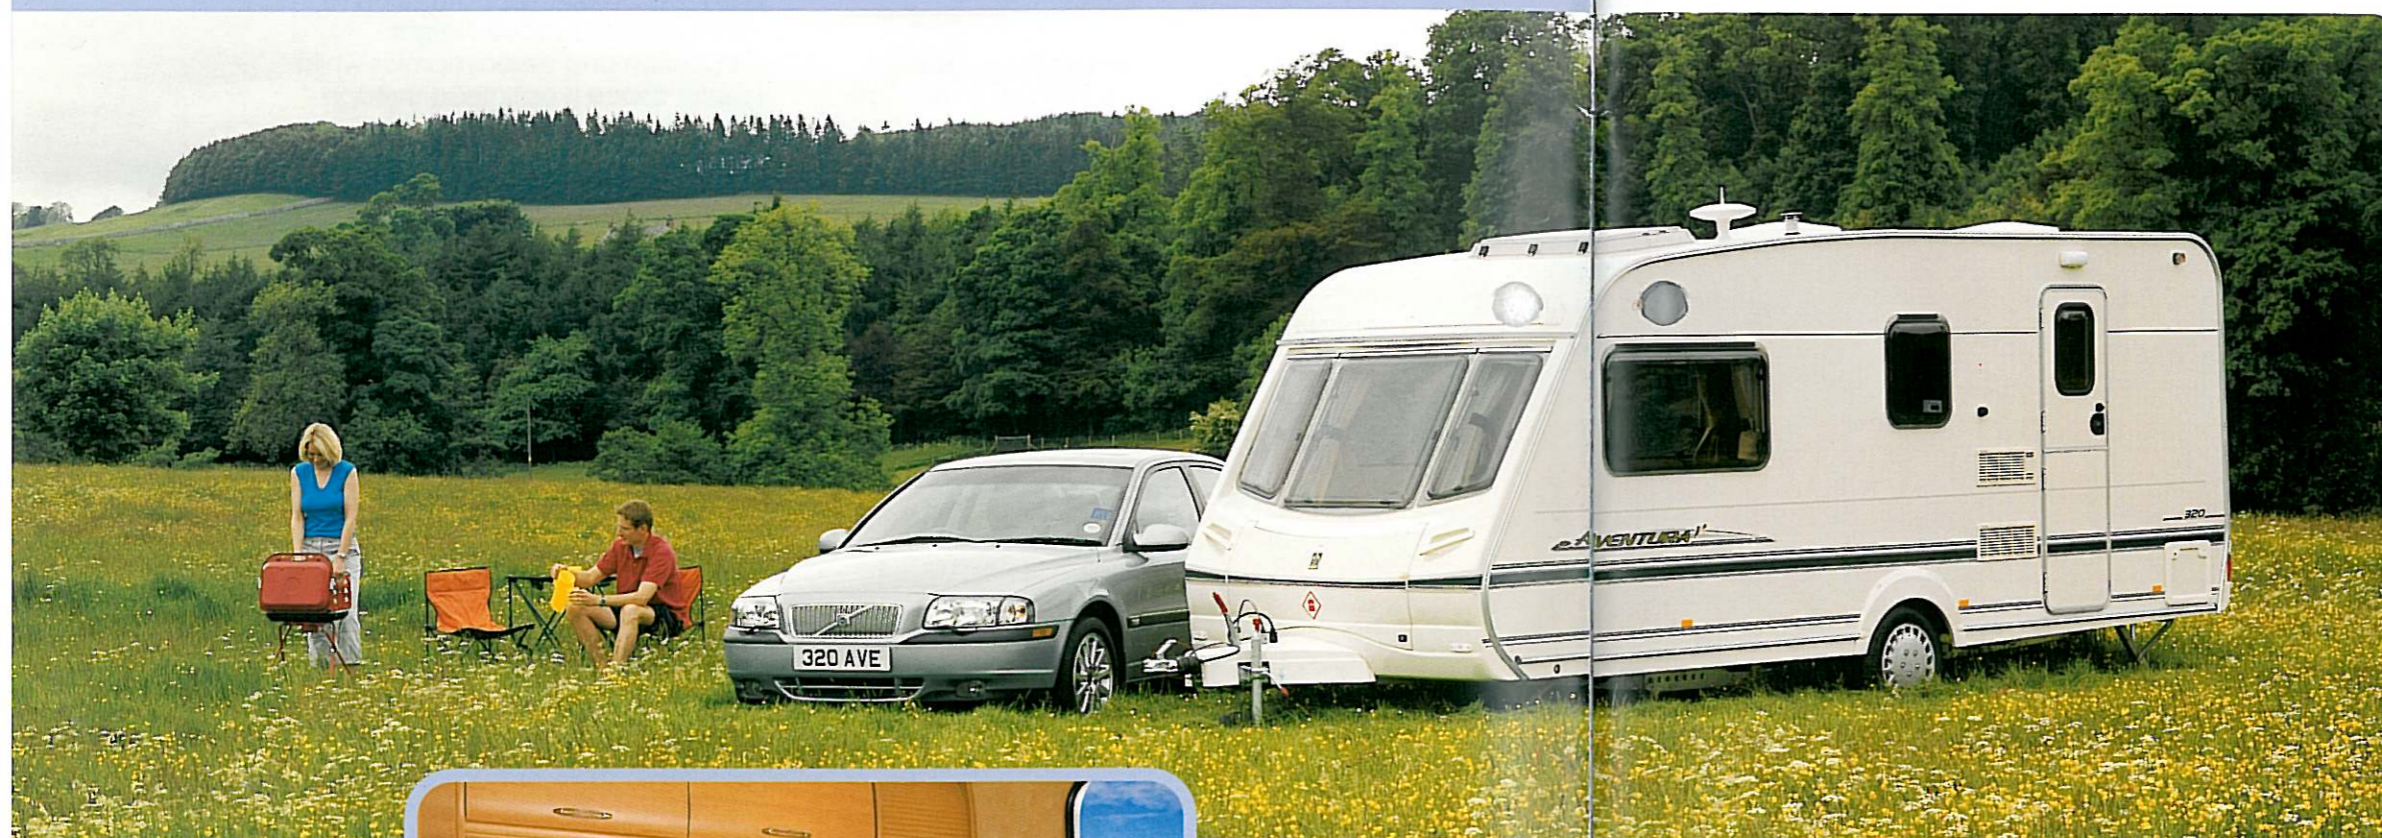

Abbey engineers use state-of-the-art computer technology to optimise every aspect of design before a prototype is even

produced. Meticulous attention to detail ensures precise weight distribution and aerodynamics whilst interior space is optimised through the skillful design of living and storage areas. Computer numerically controlled (CNC) machines, state-of-the-art CAD (computer aided design) and CAM (computer aided manufacture) facilities co-ordinate with ultra modern manufacturing processes to produce engineering standards of quality construction.

Safety issues are paramount and Abbey tourers endure strict testing procedures, including road and climate chamber programmes to ensure all components perform as designed. All models comply with European standards and with many components built and tested on-site quality is assured and recognised through the prestigious ISO 9001 award.

Customer satisfaction is of high priority and Abbey want to ensure your touring experience is enjoyable and trouble-free, our after-sales service, Supercare, is designed to achieve this, whilst SuperSure (a comprehensive manufacturer's 3-year warranty) provides added assurance and peace of mind.

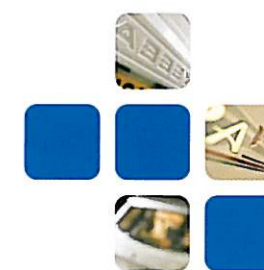

Aventura

Aventura 312

An inspiring
combination of
strength and style

With GRP front and sidewalls, the Aventura presents an inspiring combination of strength and style. Winner of prestigious industry awards, this special entry-level tourer enjoys an unusually high specification for its class. Successfully combining design appeal with practicality, this innovative exterior has an equally impressive interior to match.

Aventura

A colourful combination of contemporary style and flair

Enjoying a colourful combination of contemporary style and flair is the Aventura's stunning interior. Modern Ramona chenille fabric in green and gold tastefully blends with Pennsylvania Cherry woodwork and is further enhanced by contrasting curtains and luxury fitted carpet in mystique conifer green. New wall linings in the lounge and a variety of washrooms throughout the Abbey range provide a warm domestic feel whilst locker doors are fashionably curved giving perfect form to state-of-the-art construction. In the kitchen, new amber slate laminate in quarry finish complements the flush fitting sink and cooker.

Iona Vogue

High-spec style
and comfort in a
petite 6'6"

Small doesn't have to mean less and that is certainly the case with the Iona Vogue, the gem of the Abbey range. Providing luxury living for two, this compact tourer offers a special combination of high-spec style and comfort in a petite 6'6" wide lightweight body shell - perfect for the less powerful car and those romantic weekends away.

Iona Vogue

A host of new and exciting features

Styled by professionals, this endearing model enjoys a warm, comfortable ambience. Rich Pennsylvania Cherry furniture brings a whole new feel to the Iona's inviting interior and effectively complements the latest soft furnishing scheme in green and cream chenilles. With a host of new and exciting features, including new front lockers, clock set in attractive upholstered panels and a new illuminated cocktail cabinet with smoked acrylic door, this attractive little tourer is more desirable than ever.

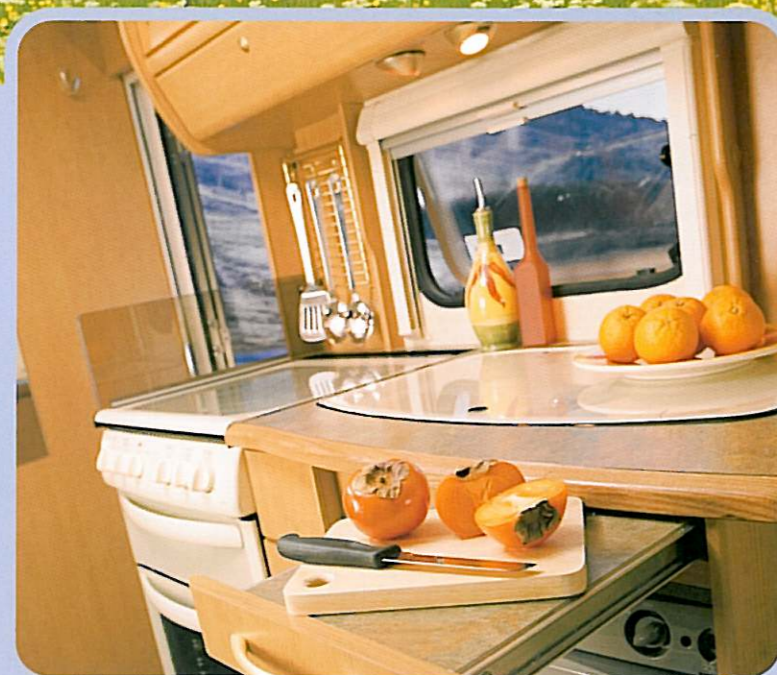

GTS Vogue

This luxury tourer provides an appealing combination

With modern good looks and a high specification to match, the stylish GTS Vogue has been totally remodelled for 2002. Enhanced with a new body shell including GRP sidewall construction, updated graphics, stylish alloy wheels, new flush fitting awning light and bronze edged windows, this luxury tourer provides an appealing combination of contemporary design, quality and practicality.

The stylish flush fitting kitchen benefits from new and enhanced features including increased work surface in 'Amber Slate' laminate, fixed cutlery drawer on smooth steel runners and improved chopping board design. Details are all important and the GTS provides a new feature backdrop complete with utensil rack and pan-stand, towel rail on fridge door and smooth action domestic-style drawers.

Joining this distinctive nine-model range is the 418, a 4-berth model enjoying the popular fixed end-bedroom and updated washroom conveniently fitted with separate shower.

GTS Vogue 417

GTS Vogue

A high quality finish and attention to detail gives the GTS a whole new feel

Spacious interiors have been completely transformed with an array of new features, updated design details and increased, accessible storage including new front lockers. The new look; composed of high quality finish and attention to detail, gives the GTS a whole new feel. Locker doors, accessorised with satin gold handles, are expertly formed with sharply defined smooth curves. Attractive Arizona fabric effectively co-ordinates all soft furnishings extending to pelmets, magazine rack and upholstered panels. Details such as electrical sockets are superbly finished in matching satin gold. Additional touches like new 240v spotlights, modern concealed reading lights, halogen downlights, illuminated cocktail cabinet and quality chrome and gold fittings in the washroom heighten this impressive specification beyond recognition.

GTS Vogue 418

Spectrum

High gloss GRP sidewalls give strength and durability

The Abbey's flagship range has plenty to offer those seeking tasteful design, attention to detail and the comfort of spacious interiors. This versatile twin-axle tourer offers a choice of five models striving to accommodate every desire with supreme luxury and style.

High gloss GRP sidewalls give strength and durability to the distinctive new body shell. Revised graphics, alloy wheels and a neat moulded door liner complete with window blind and integral magazine storage are just a few examples of the premium features on offer.

Spectrum 620

New to the range is the 535 model providing the luxury of a separate double bedroom and independent toilet and shower rooms.

Spectrum

New and improved features combine with its already high level of specification

Designed to meet high expectation, the Spectrum's array of new and improved features combine with its already high level of specification to create a refined interior of enviable distinction. Colour co-ordinated satin gold handles, fittings and electrical sockets add finishing touches to desirable décor enhanced through new Arabesque wall covering and lighting providing domestic warmth for home-from-home comfort.

The new utensil rack, pan stand, improved cutlery storage and microwave provision give innovative practicality to the kitchen which is further enhanced through increased work surfaces complete with deep hardwood edge and laminate in attractive amber quarry slate.
