Welcome to Lunar 2004

Over the years Lunar has built a healthy reputation for its design and innovation, a reputation complemented by the fact that all Lunar caravans weigh considerably less, caravan for caravan, than any of our rivals.

New layouts, clever and practical improvements, improved specifications... all these are apparent and the unique lightness of all Lunar products gives them a broad appeal to old and new caravanners alike.

No other manufacturer offers such a selection of better and lighter caravans.

The 2004 ranges have five brand new models, plus a host of changes and upgrades to the specifications making them the most complete selection ever.

Amongst the new models are the Lexon CS and Lexon FB, the Delta 620-4, the Quasar EB and the Zenith Sport.

All model ranges (except the Ariva) feature long single seats to further enhance the already comfortable lounge area.

The Quasar is a new five model range, benefitting from numerous extra value features and a new fixed bunk version of the family friendly Quasar 615.

The Zenith is a range of family caravans unburdened by the weight and price of unnecessary frills, yet boasting all the essential comforts to make the best of your holidays.

The Stellar, Clubman, Lexon, and Delta all provide a selection of new, great value features.

Vegetable rack in the Clubman and Delta

Substantial bed supports

Every 2004 model has benefitted from striking new decals which complement the new Lunar corporate logo and announces the bolder, brighter, better image which is the Lunar of today.

Notice also the distinctive styling offered by our unique and exclusive, shaped side windows and the new streamlined hitch section which includes the user friendly, easy to apply handbrake.

At Lunar we are caravanners too, and our own special understanding of your needs has resulted in many practical advantages. The quality of our cabinet work is something we are particularly proud of, note for example, the roof locker and kitchen designs. The use of angles and curves creates an enormously satisfying vista and a feeling of openness and space.

Then there's the slide-to-side easy access into the bed box storage.

The tilt and slide sunroof brings extra light to the living area and assists airflow on those warm summer days.

Easy slide drawer runners in all models

Speakers in the Quasar and Lexon

The stereo CD player in Clubman and Delta models creates the right mood for relaxing in the extremely comfortable lounge, and the new lighting creates a special ambience as you settle down for the evening.

All Delta models have the remote access Concept 'Kel' security system as standard.

With the high level of standard equipment fitted throughout the different ranges, we are sure there's a Lunar caravan that will meet your needs perfectly.

As a caravanner you are bound to be weight conscious, so you will appreciate the many years of experience and development which give Lunar the edge of saving every last kilogram. By utilising materials which are light in weight yet strong in use, and by paying meticulous attention to manufacturing methods, we build caravans that are lighter than any comparable product, without sacrificing either strength or quality.

Stylish new washroom on certain models

Restyled Thetford toilet (Stellar, Lexon EB, Quasar 525, 615 and EB)

Ariva

Narrower and lighter than any of its rivals, the luxurious Ariva is totally unique in its class, offering real caravanning luxury in an easy to handle, lightweight body.

The design of the Ariva with its traditional rear-end kitchen layout gives it a surprisingly roomy feel, without compromising on storage facilities or the high specification.

The new washroom with swivel toilet provides a spacious shower room with a surprisingly large floor area.

Curved, integrated roof lockers provide ample storage space without affecting the light and roomy opulence that is so uniquely the Ariva.

Ideal for year round caravanning, the gas/electric room heater has ducted blown air for total comfort, and the large fridge with full width freezer is ideal for those little indulgences!

New for 2004

- Matching wallboard and furniture board
- Domestic style drawer runners
- Exterior door design
- Shaped side windows
- Settee style armrests
- 'A' frame cover and handbrake
- Built in gas regulator
- Graphics

Stellar

Created in response to the need for comfortable, roomy caravans that are of an easily manageable compact size, the unique layout of Lunar's award winning Stellar provides an unrivalled and invaluable level of spaciousness.

The 2.28m wide body boasts an attractive rear-offside kitchen, whilst the new cherry coloured woodwork and wallboard is complemented by beautifully styled natural wood framed roof locker doors.

Also new for 2004 is the large window in the washroom and the attractive rear roof spoiler. With an extremely high level of specification including blown air heating to the shower room, the Lunar Stellar is the ideal choice for discerning couples.

New for 2004

- Matching 'cherry' wallboard and furniture board
- Domestic style drawer runners
- Exterior door design
- Shaped side windows
- Settee style armrests
- 'A' frame cover & handbrake
- Roof spoiler with high level brake light
- Large window in washroom
- Built in gas regulator
- Graphics

Zenith

Zenith Sport

Offering fantastic value for the whole family, these four great looking models have an excellent specification, are on single axles for ease of towing and come in four, five or six berth layouts.

The Zenith appeals to all sorts of caravanners, being well equipped, not overburdened with frills, lighter than most competitors and consequently towable by a variety of standard family saloon cars.

The Zenith Sport is the latest model to join this hugely popular range. The 'garage' style storage at the rear of this 4 berth model provides opportunities for a number of sporting activities, with its toughened floor and fixing points enabling equipment to be stored easily, safely and unobtrusively.

The Zenith also comes with a great value optional package comprising a large tilt and slide sunroof, gas and electric blown air heating, full length flyscreen to door, spare wheel and awning light.

New for 2004

- Domestic style drawer runners
- Shaped side windows
- Deeper upholstery
- Spark ignition to hob
- 'A' frame cover & handbrake
- Full width curtains
- Built in gas regulator
- Graphics

Zenith Five

Quasar

Quasar 615

The Quasar is a brand new range of five models with the emphasis on more features, more value, more luxury and less weight.

The natural wood framed locker doors are enhanced by the luxurious soft furnishings and each model boasts a host of features to surprise and delight Lunar caravanners.

With a large rear washroom and dedicated shower facility, the Quasar 462 is a traditional 2 berth layout, whereas the understated style and ample locker space in the 524 and 525 models give them a special family appeal.

The Quasar EB is based on the popular fixed bed layout, within a shorter, lighter and easier to handle body. Finally the Quasar 615 has two fixed bunks opposite the side dinette seats, an ideal 'play area' for children of all ages. The roomy lounge and uncluttered kitchen and washroom areas complete this superb family caravan.

New for 2004

- Matching wallboard & furniture board
- Domestic style drawer runners
- Exterior door design
- Shaped side windows
- Settee style armrests
- 'A' frame cover & handbrake
- Omnivent extractor vent
- 'Wet locker' storage box
- External mains & BBQ point
- Built in gas regulator
- Built in speakers, aerial & radio housing
- Graphics

Quasar 462

Lexon

Lexon FB

Wider than most other caravans, the Lexon has developed into a range of unique layouts offering designs that fully maximise the additional space.

The new Lexon CS joins the EB and ES in providing a fixed bed layout within a single axle model. The extra length and width gives these caravans something our competitors cannot match, as witnessed by the central shower configuration of the CS.

The Lexon EW with fixed bed and large rear washroom is a clear winner. However the ultimate in spacious touring luxury has to be the Lexon 640 with its large walk-round bed which provides a sense of comfortable permanence.

Finally, a newcomer is the twin axle Lexon FB, a fantastic 6 berth tourer with the benefit of fixed bunk beds and two separate seating areas, both complemented by a large rear washroom.

New for 2004

- Matching wallboard & furniture board
- Domestic style drawer runners
- Exterior door design
- Shaped side windows
- Settee style armrests
- 'A' frame cover & handbrake
- Omnivent extractor vent
- 'Wet locker' storage box
- External mains & BBQ point
- Built in gas regulator
- Built in speakers, aerial & radio housing
- Graphics

Lexon FB

Clubman

Clubman 475 CK

The ever popular Clubman has an indefinable mix of quality and traditional appeal that has proved to be so elusive to others. This has remained the basis for the Clubman's continuing success over many years.

The new models feature beautifully matched interiors with the curved, wrap-around roof lockers complemented by the exquisitely designed cabinet work of the kitchen and dresser units.

New for 2004, the 3 models in the range benefit from the extra width of the 2.28 wide body. The unique Clubman 470 combines all the luxury of the end washroom with those of an end kitchen, whilst the 475 CK and 530-4 are hugely successful conventional layouts - now with even more room!

The eye catching Clubman decal combines with the new Lunar logo to announce the arrival of a superb range, enhanced by the fitting of alloy wheels and AKS 2004 stabiliser amongst the many features that make the Clubman so special.

New for 2004

- Matching wallboard & furniture board
- Domestic style drawer runners
- Exterior door design
- Shaped side windows
- Settee style armrests
- 'A' frame cover & handbrake
- 2.28m wide body
- Slide out vegetable rack (not 470)
- AKS 2004 stabiliser
- Alloy wheels
- Dometic 86 litre Powerfridge
- Built in gas regulator

Clubman 470-2

Delta

Delta 640 EW

The Delta is a stunningly designed range of models, with the fixed bed Delta 640 EW offering that extra touch of luxury in what is a very popular layout.

The newly designed furniture makes the most of soft curves to enhance the stylish interior layout, but as with every Lunar there is, of course, so much more...

Delta's high level of specification is designed to match the roomy interior that results from a 2.28m wide body and includes a Status multi-directional television aerial and 'Concept Kel' remote security system.

By utilising the extra width, the new Delta 620-4 offers a large rear bedroom and a large central washroom, without compromising on the freespace available in either the lounge or the galley.

All Delta models include a built-in microwave oven, stereo CD/Radio, large built-in freshwater tank and numerous other quality features.

New for 2004

- Matching wallboard & furniture board
- Domestic style drawer runners
- Exterior door design
- Shaped side windows
- Settee style armrests
- 'A' frame cover & handbrake
- Slide out vegetable rack
- AKS 2004 stabiliser
- Alloy wheels
- Dometic 86 litre Powerfridge
- Built in gas regulator
- Graphics

Alternative interior formats

An 'L' front seat option is available for all models except the Ariva. This option gives an offside, long picture window and a floor cabinet. The double bed size is 2.01 x 1.23m (6'7" x 4'0").

The Quasar 525 is also available with a rear bed 'L' option with a bed size of 1.80 x 1.29m (5'11" x 4'3").

Front 'L' layout option.

Rear 'L' layout option.

Soft furnishing selection

We have carefully selected the soft furnishings for each model range. However for a small charge, and subject to availability, you may select the soft furnishings from any of our ranges to suit your preference.

Important

MRO includes a manufacturing tolerance to reflect changes in the weights of the component materials. It is anticipated that this figure will never be exceeded in the standard ex-works specification.

* MTPLM increase option

Most models can have the MTPLM (maximum technical permissible laden mass) increased with minimal disruption. Contact your Lunar Caravans dealer for further information.

Extended Warranty for touring peace of mind

All Lunar caravans receive a factory backed, full three year warranty, subject to an annual service and inspection and excluding ordinary items subject to wear and tear.

All Lunar models have been certified by the National Caravan Council for compliance with stringent European Standards, British Legislation and industry set Codes of Practice specifically relating to health and safety issues. The approval process covers the testing and inspection of critical areas of the product from fire safety, weights and dimensions to gas, electrics and ventilation. Every Lunar caravan carries the 'NCC Approved Caravan' badge. The NCC also conducts unannounced inspections at the Lunar factory to ensure continued compliance. NCC approval gives peace of mind that your caravan is legal and safe.

NATIONAL CARAVAN
COUNCIL LIMITED

Lunar Owner's Club

When you choose a Lunar caravan you also have the opportunity to join the growing band of enthusiasts who enjoy all the benefits of the Lunar Owner's Club. As a club member you will be sent regular newsletters containing all the latest information on upcoming events, reviews, letters from fellow members and news from Lunar Caravans itself.

You'll be made very welcome at all the numerous rallies which take place across the country by people sharing a common interest in Lunar caravanning. They can also offer you a wealth of knowledge and expertise to help you enjoy your future touring even more.

Perhaps more importantly however, when you become a Lunar Owner's Club member you join new friends just like you who share a real interest in the freedom of luxurious, lightweight touring at its very best.

Combining innovation with classic continental

Chateau 500

Chateau 400

Chateau 470

Chateau

Chateau combines all that's best from its European pedigree with a variety of enhancements to suit the UK market, such as the very English three window front.

Chateau's sturdy exterior features an uncluttered 'A' frame which, because of its length gives superb touring stability. The gas locker storage has such easy access that even the water container is readily accessible.

There is a layout to suit every family – the 4 berth Chateau 400 is also ideal as a roomy 2 berth. The Chateau 500 has sturdy fixed bunk beds, whilst the Chateau 450 offers a traditional double dinette layout with a 5th berth bunk at the rear.

The Chateau 470 fixed bed arrangement has been very successful and we are now offering the Chateau 430, a shorter version with the fixed bed at the front of the caravan, an extremely popular design on mainland Europe.

A keen pricing policy ensures that the five layouts offer unrivalled value for money, creating the opportunity for all caravanners to afford a high quality brand new model with a comprehensive specification to suit today's needs.

New for 2004
