Sprite is back with the next generation of sporty, innovative tourers.

This all new range features three versatile models - the Alpine, Musketeer and Major - offering an excellent choice of layouts and features.

They are ideal for the first time buyer looking for a quality tourer and families wanting to make the most of their budget. The new 2005 Sprite models offer a touch of continental flair.

Lockers and bed frames use injection-moulded components, which are light and strong, helping to create more useful storage areas.

All Sprite models come with SuperSure, a comprehensive manufacturer's three year warranty, and the benefit of SuperCare, a sophisticated customer care and aftersales service, providing advice and spare parts for trouble-free touring.

Sprite, putting the spirit of adventure into your life.

All Sprite models have been certified by the National Caravan Council for compliance with stringent European Standards, British Legislation and industry set Codes of Practice specifically relating to health and safety issues. The approval process covers the testing and inspection of critical areas of the product from fire safety, weights and dimensions, to gas, electrics and ventilation. Every Sprite caravan carries the "NCC Approved Caravan" badge. The NCC also conduct unannounced inspections at the Sprite factory to ensure continued compliance. NCC Approval gives you peace of mind that your caravan is legal and safe.

CRIS

For added security all Sprite caravans come registered with the Caravan Registration and Identification Scheme (CRIS), the UK's official database of caravans and their keepers. Sprite caravans not only carry the unique 17 digit CRIS Vehicle Identification Number (VIN) die stamped into the chassis, but windows are also etched with the VIN and an electronic tag embedded within the bodywork for extra security. Specialist insurance companies increasingly require registration with CRIS before granting cover and when you come to sell your caravan your CRIS registration will prove invaluable.

Modern exteriors

Crisp, clean graphics set the modern exterior off perfectly. The moulded front with smooth aerodynamic lines and panoramic opening front window, show the attention to detail this relaunched range has been given. 14" wheels, an AL-KO Euro hitch with assisted handbrake, Heki rooflight and TV aerial and booster are among many other exterior features.

ALPINE • MUSKETEER • MAJOR

Major

Musketeer - optional end bolster cushions shown

Loose fit carpets over wood block effect vinyl floor

Fridge with full width freezer

The Scandinavian blue and silver soft furnishing scheme with contrasting scatter cushions creates a comfortable and relaxing lounge and dining area. Loose-fit carpets over wood block effect vinyl flooring enable easy cleaning and there is a freestanding dining table with its own dedicated storage area for when it's not in use.

The moulded lockers feature inbuilt down lighters and the curtain tracks are cleverly incorporated underneath to create smooth flowing furniture design. Bulky items can be easily stored away with the addition of hinged locker shelves in some lockers.

Exciting and comfortable interiors

Removable drainer

Dual fuel hob with electric hotplate & 3 gas burners

Alpine

Alpine

The modern kitchen offers domestic-style equipment including a long-spouted microswitched chrome tap over a stainless steel circular bowl with chopping board and drainer. The drawers feature smooth running metal drawer runners for an easy open and close action.

The laminate work surface is both modern and durable, taking the worry out of preparation, and cooking is made easy with an 89-litre fridge and Stoves glass fronted oven and grill. In addition, the dual fuel hob has an electric hotplate and three gas burners with electronic ignition.

Practical, stylish kitchens
at the heart of every Sprite Caravan

Alpine

Major

Alpine

Wake from a restful sleep...

The Musketeer has permanent bunk beds each with a curtain and halogen lighting. The Alpine, light enough to tow behind a typical family car, has a permanent double bed with loads of storage space underneath.

Cantilever hinged bed tops provide easy access to underseat storage and fixed beds feature aluminium frame tops for added strength and comfort.

Alpine

Washrooms are spacious and fitted with modern chrome finish shower equipment and a Thetford cassette toilet with independent tank and manual flush.

...to a luxurious washroom

Optional AL-KO AKS 3004 stabiliser

Optional bolster cushions

Optional alloy wheels

EXTERIOR

- Glacier white exterior
- AL-KO lightweight galvanised steel chassis with euro-axle
- Exterior door window and blind
- Exterior access battery box with mains inlet (battery not included)
- Gas bottle storage with gas strut supported door
