

CABANON

TRAILER TENTS 2007

WHY CHOOSE A CABANON TRAILER TENT ?

Who is CABANON ?

Cabanon Trailer Tents are manufactured by CGI Camping which has been producing high-quality tents, trailer tents and folding camper canvasses for more than 40 years and is widely recognised as the best in Europe. This success has been achieved through a policy of innovation combined with a determination to produce only first-class products, using the finest materials, suitably treated to provide the best weather protection, that offer reliability, durability and value-for-money. This philosophy has been maintained in the production of Trailer Tent bodies, which CGI now manufactures in-house at its' purpose built Trailer factory.

CABANON canvasses are the best

A trailer tent is only as good as the canvas that covers it. With Cabanon, only the finest materials from the world's best known manufacturers are used to produce Cabanon canvasses. In addition, CGI employs highly-skilled machinists, who's quality is controlled at every stage of production to ensure that only first-class products leave the factory. A Cabanon canvas is built to last and it won't let you down - especially when the sun isn't shining.

CABANON has a quality Trailer Body

The quality of the trailer tent body is also very important and Cabanon use only high quality materials such as durable, coated steel panels, water and mildew resistant wood, Alko & RTN axles, strong galvanised chassis, stainless steel Suter kitchens and many other fine components to ensure a long and reliable life for your trailer tent.

CABANON Trailer Tents are quick and simple to erect

As you will see from following sequence of pictures, a Cabanon Trailer Tent is quick and simple to erect. One of the key advantages of the Cabanon system is that the beds operate independently of the canvas. This ensures that the beds, and your bedding, can be kept dry should you need to erect or take down the Trailer when it is wet or raining.

CABANON Erecting a Trailer Tent is : Simple, Quick & Effortless

The Trailer Tent and Awning can be erected, with practice, in around twenty minutes. All that remains is to peg it down fully and to fit the roof linings and curtains - it couldn't be simpler !

CABANON Trailer Tents are affordable and durable

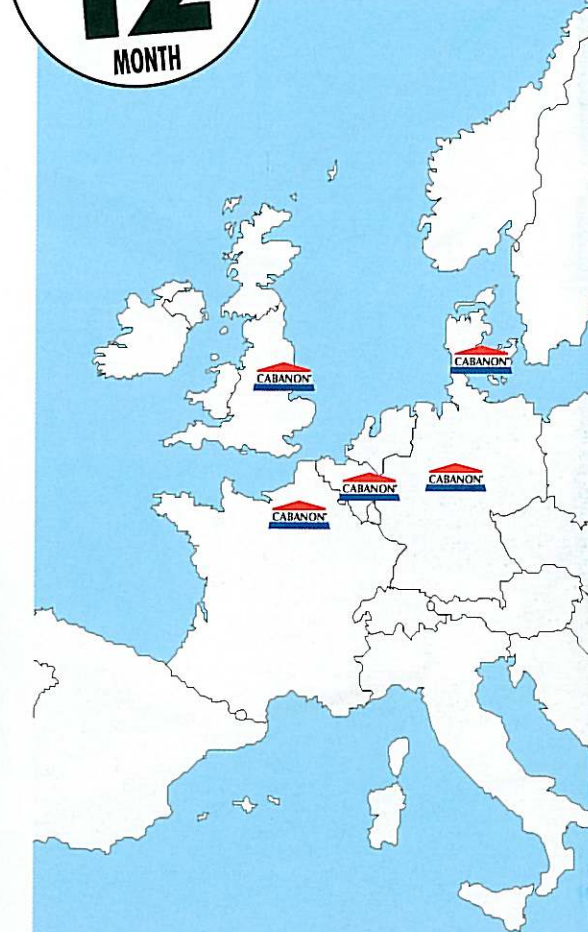

Whilst there are no compromises made in the quality of materials or manufacture, Cabanon Trailer Tents represent excellent value-for-money with competitive pricing, affordable accessories and higher re-sale values than most other Trailer Tents. In the long-run, Cabanon is more reliable, durable, and represents better value-for-money, than Trailer Tents made from cheaper materials.

CABANON has the best Dealer Network

CABANON trailer tents are sold exclusively through a carefully selected network of Dealers across Europe. Each appointed Dealer is a specialist in the camping field and has been chosen to represent Cabanon because of their expertise and ability to provide excellent advice, support and after-sales-service.

CABANON has a model to suit you

Cabanon has a wide range of Trailer Tents available, from a compact, quick to erect, 2-berth model, which can be used with or without an awning, to one of the largest 8-berth models on the market today which has a 5.4m deep awning complete with kitchen, toilet and wardrobe compartments. We are sure you will find a Cabanon model to suit both your pocket and your camping needs.

A selection of our suppliers :

**NEW COLOURS
FOR 2007**

A compact 2-berth trailer tent, complete with 2.35m awning, that is quick and simple to erect and can be used without pegging - ideal for the active couple.

The Venus has one generous bed and ample seating space and is ideal for short breaks or weekends as it can be used without pegging. However, should you wish to use the Venus for longer holidays, or just need more space, then the 2.35m deep, two-piece awning, included as standard, can be fitted. The awning can also take a Tall Annexe, with the side awning panel removed, which is great if you need to accommodate a couple of friends, children or grandchildren.

Venus Standard Features include :

- One 2-berth bedroom (140 x 210cm) with a ventilated front window, with flap, giving a view to the outside, or awning if fitted.
- The standard model is supplied with cabin roof lining, full set of curtains and removable mattress and seat covers. Corner steadies, jockey wheel and spare wheel and carrier are also included as standard.
- A roomy 2.35m awning with zip-out panel - see further details below
- The strong, steel, trailer body, has a seating area and locker storage, built-in drawers and a fully galvanised chassis. Brakes are available as an option.
- The Venus is available either with or without a deluxe kitchen, with two burners, grill, drawers and stainless steel sink.

Venus Standard Awning Features include :

- 2.35m, two-piece, awning which has a patterned acrylic roof, curtains and a kitchen area with large ventilated window and outside flap on the right-hand-side. An awning roof lining is available as an option.
- The left-hand-side panel is removable and, once removed, an optional Tall Annexe, and inner if required, can be fitted to the awning.
- The front panel of the awning may be rolled-up.
- The awning is detachable, and enables the sleeping part of the trailer tent to be used on its' own, if required. This is particularly useful for overnight stays.
- The optional "deluxe sun canopy" can be fitted directly onto the cabin or to the front of the awning.

Awning central height : 225cm
Awning side height : 175cm

Optional Accessories :

- Bed skirt
- Awning roof lining
- Deluxe sun canopy
- Tall annexe extension
- Tall annexe inner tent
- Seat back rest
- Tent tidy

Cabin only with optional Bed Skirt

Stratos

REVOLUTIONARY TRAILER TENT WITH "DOME-SHAPED" AWNING WITH FULLY ENCLOSED LOUNGE AREA AND ZIPPED-ON GROUNDSHEET

The striking Cabanon Stratos is a ground-breaking concept in the Trailer Tent market because, in addition to its' unique shape, the awning comes complete with a strong PVC groundsheet which, when pegged and zipped onto the awning around the base, provides a fully enclosed lounge living area completely protected from the elements.

The awning also has a useful fixed front canopy.

Easy and quick to erect...

... in around 30 minutes !

STRATOS Features include :

- Two large and comfortable 2-berth bedrooms, (140 x 210cm), which provide greater than average headroom, and have ventilated windows and outside flaps to the side and ventilated front windows, with flaps, giving a view into the living area.
- The standard model is supplied with cabin roof lining and curtains and removable mattress and seat covers. A jockey wheel and spare wheel and carrier are also included as standard.
- The strong, steel, trailer body, has built-in drawers and locker storage, and a fully galvanised chassis. Brakes are available as an option.
- The Stratos can be supplied either with or without a deluxe kitchen, with two burners, grill, drawers and stainless steel sink.

STRATOS Standard Awning Features include :

- The enclosed awning lounge area, 3.5m deep, has 3 large ventilated windows, with outside protective flaps, and internally-zipped privacy flaps.
- The awning has a fixed 2.0m sun canopy at the front - to which an optional sun canopy may also be fitted
- The tough PVC groundsheet, which is zipped onto the main canvas when erected, is easily removed for routine cleaning.
- The awning front panel can be completely rolled away to provide a huge entrance to the awning
- The awning is detachable, and enables the sleeping part of the trailer tent to be used on its' own, if required. This is particularly useful for overnight stays.

Awning central height : 220cm

Optional accessories :

- Deluxe kitchen (DL)
- Sun canopy
- Seat back rest
- Under bed tent

Neptune

NEW FOR 2007

WIDE BODIED TRAILER TENT THAT HAS A "DOME-SHAPED" AWNING WITH FULLY ENCLOSED LOUNGE AREA, ZIPPED-ON GROUND SHEET AND KITCHEN EXTENSION

The new Cabanon Neptune has a wide trailer body, 5ft, and comes complete with a strong PVC groundsheet that, when zipped onto the awning around the base, provides a fully enclosed lounge living area completely protected from the elements. The awning also has a push-out extension to accommodate the quality kitchen with 3 burners, grill and sink.

NEPTUNE Standard Features include :

- Two larger-than-average 2-berth bedrooms (150 x 220cm), with ventilation in both. Each bedroom also has a ventilated front window, with flap, giving a view to the outside, or awning if fitted.
- The deluxe kitchen, included as standard, has three burners, a grill and stainless steel sink
- The standard model is supplied with cabin roof lining and curtains and removable mattress and seat covers. A jockey wheel and spare wheel and carrier are also included as standard.
- The strong, steel, trailer body, has built-in drawers and locker storage, and a fully galvanised chassis. Brakes are available as an option.

NEPTUNE Standard Awning Features include :

- The enclosed awning lounge area, 3.5m deep, has 3 large ventilated windows, with outside protective flaps, and internally-zipped privacy flaps.
- The awning has a push-out kitchen extension on the right hand side and a fixed 2.0m sun canopy at the front - to which an optional sun canopy may also be fitted
- The tough PVC groundsheet, which is zipped onto the main canvas when erected, is easily removed for routine cleaning.
- The awning front panel can be completely rolled away to provide a huge entrance to the awning
- The awning is detachable, and enables the sleeping part of the trailer tent to be used on its' own, if required. This is particularly useful for overnight stays.

Shown with optional Sun Canopy

The deluxe kitchen, included as standard

Awning central height : 220cm

Optional Accessories :

- Sun canopy
- Seat back rest
- Under bed tent

Saturn

The versatile and striking Cabanon Saturn comes complete with a generous 2.5m awning, with 4 zip-out panels, and features a large living area with curtains.

The Saturns' clever design, and available options, allow this unit to be used in many different ways. The Saturn may be used :

- with or without the awning
- with awning fitted, and 4 panels removed, to form a sun canopy
- with the awning fitted and a tall annexe, with or without inner tent, on either or both sides
- with a 1.5 m extension, with full kitchen extension, between the cabin and awning.

SATURN Features Include :

- Two large and comfortable 2-berth bedrooms (140 x 210cm), with ventilated side windows and outside flaps (plastic and cotton). The left-hand bedroom has a ventilated front window, with flap, giving a view into the living area.
- The two front panels of the awning may be zipped out, or zipped down to form a verandah facility (using the optional verandah pole). The two side panels are also removable and, once removed, an optional Tall Annexe or Bedroom Extension, and inner if required, can be fitted to either side of the awning.
- The standard model is supplied with cabin roof lining, full set of curtains and removable mattress and seat covers. A jockey wheel and spare wheel and carrier are also included as standard.
- The awning is detachable, and enables the sleeping part of the trailer tent to be used on its' own, if required. This is particularly useful for overnight stays.
- The strong, steel, trailer body, has built-in drawers and locker storage, and a fully galvanised chassis. Brakes are available as an option.
- The optional 1.5 m extension is fitted with a kitchen extension and dividing curtain.
- The optional "sun canopy" can be fitted to the front of the awning.
- The Saturn is available either with or without a deluxe kitchen, with two burners, grill, drawers and stainless steel sink.

Saturn with standard 2.5m awning

Awning central height : 225cm
Awning side height : 170cm

Saturn and awning with optional 1.5m extension

Standard 2.5m awning with 4 zip-out panels removed

Optional accessories :

- Deluxe kitchen (DL)
- Awning roof lining
- 1.5m extension with push-out kitchen
- 2.5m Sun canopy
- Tall annexe extension
- Tall annexe inner tent
- Bedroom extension
- Bedroom extension inner tent
- Seat back rest
- Co-ordinated free-standing wardrobe
- Under bed tent
- Tent tidy

Jupiter

The stylish Cabanon Jupiter comes complete with a fixed 1.8m awning, with kitchen extension and a useful wardrobe and toilet compartment, and a detachable 3.6m awning which includes a 1.8m sun canopy with sides. This larger-than-average awning, 5.4m deep in total, also includes roof linings and curtains for added comfort.

The Jupiter is flexible in its design and can be used in two different ways :

- with the cabin and fixed 1.8m awning (with kitchen, toilet and wardrobe extension) either as a sun canopy or enclosed with the front panel attached
- or
- with the detachable 3.6m awning fitted to the above - the movable front panel can then be zipped in at one of three positions - 1.8m from the cabin, 3.6m or at the very front of the awning - creating a huge 5.4m deep awning.

JUPITER Features Include :

- Two large and comfortable 2-berth bedrooms (140 x 210cm), with ventilated side windows and outside flaps (plastic and cotton). The left-hand bedroom has a ventilated front window, with flap, giving a view into the living area. The right-hand bedroom wall has a useful, integral, tent tidy facing the living area.
- The fixed 1.8m awning is permanently attached to the cabin canvas and has a living area fitted with a kitchen extension and dividing curtain on the right-hand-side, and a useful toilet and wardrobe extension on the other. The detachable front panel can be fitted at the front of this section. Using the unit in this way is particularly convenient for overnight stays and weekends away
- The detachable 3.6m awning consists of a 1.8m deep living area, with ventilated window on the left-hand-side, and zipped panel, that can be rolled up, on either side, and a 1.8m front sun canopy with fixed side panels, windows and curtains. The removable front panel may be fitted at the centre or front of this detachable awning.
- The standard model is supplied with roof linings (except for fixed front sun canopy – available as an option), curtains and removable mattress and seat covers. A jockey wheel and spare wheel and carrier are also included as standard.
- The strong, steel, trailer body, has built-in drawers and locker storage, and a fully galvanised chassis. Brakes are available as an option.
- The Jupiter is available either with or without a deluxe kitchen, with two burners, grill, drawers and stainless steel sink.

With fixed 1.8m, and detachable 3.6m awning, and front panel in middle position

Awning central height : 225cm
Awning side height : 175cm

Optional accessories :

- Deluxe kitchen (DL)
- Additional Awning Front panel
- Mosquito-net front panel
- Front canopy roof lining
- Seat back rest
- Co-ordinated free-standing wardrobe
- Under bed tent
- Tent tidy
- Side awning frame

trailer tents accessories
