## Carioca - now offering 5 layouts to suit all requirements

The Carioca range, well-established as the leading brand of Italian-built Motorhomes sold in the UK, offers even more choice and value for 2008.

Fiat Ducato X2/50 remains the base vehicle on which all 5 models are built and the 130bhp power unit has even more specification than ever before.

As well as electric windows and mirrors, ABS brakes, cruise control, twin airbags and painted front bumper are added to the impressive package.

New model for 2008 is Carioca 746 which offers sleeping, dining, lounging and safe travelling for up to 6 people.

 **carioca** •625 •656 •694 •705 •746

The specification of the whole range which already features: UK handed near-side entry doors, full kitchens, washrooms including a separate shower with bi-fold door is further increased to include full ovens and grills in all models and lift-up beds in luton models.

'Swivel' seats not standard

 **carioca** •625 •656 •694 •705 •746

## Carioca - which layout suits you?

**625** - A compact vehicle with a luxurious lounge, easily converting to double and single beds, full shower room, end kitchen, swivelling cab seats and a lift-away double bed in the luton area.

**656** - The best selling 6 berth with 6 travelling positions has a lift-up rear bunk allowing spacious storage at the rear with access from outside at both sides. The overcab bed also lifts to allow easy access to the cab area and the 2008 kitchen has full oven facilities which are introduced to all Carioca 6 series models.

**694** - A sleek low-profile exterior and internally a permanent bed with spacious storage below, accessible from both inside and outside the vehicle. There is a large fridge with separate freezer, the lounge easily converts into another bed, and the swivelling cab seats extend the lounge area even further.

**705** - Spacious living for couples and families alike, this model has all of the features that the 625 enjoys, but its longer length allows extra kitchen, wardrobe and washroom space.

**746** - A new addition for 2008, the 746 is a family vehicle offering the room needed to enjoy leisure time. Travelling, sleeping, dining and lounging for 6 people is accompanied by space which is not normally associated with 6 berth models.

 **carioca** •625 •656 •694 •**705** •746

**705** - Spacious living for couples and families alike, the 705 has all the luxury of a large lounge with 'L' shaped settee, expansive kitchen, and a super washroom across the rear of the motorhome.

 **carioca** •625 •656 •694 •705 •746

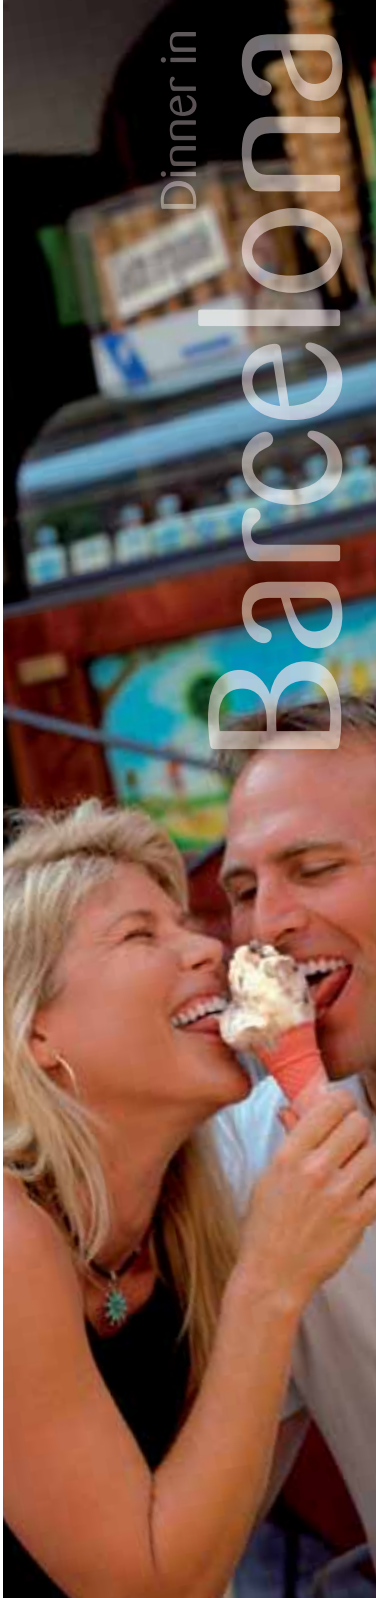

Additional features on the stunning GRP exterior include new design 'black-out' windows, new rear bumper design, new awning light and door handle as well as painted front bumpers. Externally and internally, the Carioca range continues to offer design, build quality and value for money that our competitors struggle to match.

 **mizar** • G LIVING • GTL LIVING • ELITE

## The Mizar range - now with a low profile model for 2008

With their stylish exteriors and elegant interiors, the 2008 Mizar range is an eye catching combination that matches Motorhomes on offer from throughout Europe. The sweeping lines of the exterior achieved by the impressive monocoque overcab GRP luton are complimented internally with curved furniture in the lounge, kitchen and washroom.

Comprising of 3 vehicles, the 2008 range has the addition of the Elite, a low profile model with a permanent island bed at the rear

which can be divided off from the rest of the vehicle to give a luxury bedroom. The other 2 models also offer permanent beds at the rear - the G, with a transverse double above a spacious storage area, and the GTL with 2 longitudinal bunks - the bottom of which lifts up to increase the storage area which is also accessible from the outside.

 **mizar** • G LIVING • **GTL LIVING** • ELITE

 **mizar** • G LIVING • GTL LIVING • ELITE

## Mizar range - also comes with the option of an automatic gearbox.

The impressive new Fiat Ducato X2/50 chassis cab is the base vehicle for the Mizar range. It's new high specification

is complemented by the optional powerful 160bhp engine, this is in addition to the 130bhp engine offered elsewhere in the Ci range.

Available from the Spring of 2008 will be the option of an automatic gearbox with the 160bhp engine.

The three Mizars have exteriors which are totally GRP which ensures they are resistant

to knocks and scratches that can easily damage aluminium side walls.

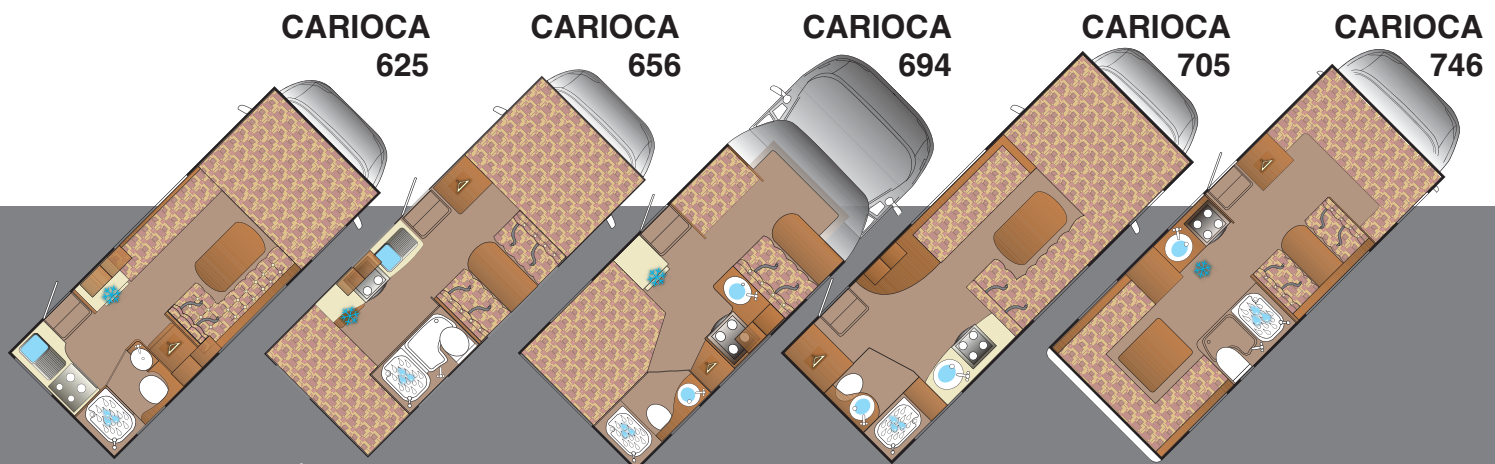

Their robust construction, both internally and externally, ensures that they will provide years of enjoyment to the discerning buyer.

A new call centre reserved for motorhome drivers is now available. All you have to do is call 00800-3428 1111 and a knowledgeable operator speaking your language will give you comprehensive information on the product and the services offered, and will transfer your call to a specialist technician or to Fiat Camper Assistance, the on-road assistance team for the service of motorhome customers.

You can call from any European country, 24 hours a day, 7 days a week, to get immediate help. The best specialists will assist you in the event of an accident, a breakdown, lack of fuel, loss of keys, partial theft, etc. During vehicle repairs, you can benefit from a replacement vehicle of suitable size and hotel accommodation.

To enable you to resume your journey as soon as possible, the Fiat Camper Assistance call centre remains in direct contact with you and the workshop that is taking care of your vehicle. It can help them order the parts needed so as to ensure that your vehicle is repaired quickly as possible and you can resume your trip promptly.

The leader in camper sales in every European country, Fiat stands out, for the services it offers you as you travel and the maintenance services it provides for your vehicle. The credit goes to a European network of over 7,400 Fiat Ducato service centres, where you can find fully equipped workshops, specialist personnel, and all the parts you may need for your motorhome.

### Warranty Included

Ci have endeavoured to convey to all our customers all the benefits which are available within the industry. With this in mind we have extended the normal manufacturers warranty to include cover for major items for an extra period, giving peace of mind for a total of 36 months. In addition, 4 years water ingress cover is offered subject to annual inspection. Full details are outlined in a policy document. Please contact your official Auto-Trail stockist for further information.

Whilst every reasonable precaution is taken in the preparation of catalogues, technical circulars, price lists and other literature, these documents are for buyer's guidance only. The buyer should always consult their approved Ci dealer for current information. Ci Motorhomes reserve the right to discontinue models or without notice, make changes at any time to prices, colours, materials, equipment, specifications, layouts and models. Issued October 2007.
