The Mondial is back

As much at home on the high street as on holiday, the new Mondial range from the Swift Group is a stylish van conversion available in two spacious layouts.

Both the Mondial RL and Mondial GT are built on the Fiat long wheel base chassis giving plenty of room inside for flexible seating which converts in to two singles or one double bed along with a good size washroom and well-equipped kitchen.

The new generation Fiat Ducato assures driving performance and comfort with a 120bhp engine with six speed gearbox as standard or the option of a 160 bhp engine with automatic transmission and Driver's pack. The Driver's pack option consisting of cab air-conditioning and cruise control can also be added to the 120bhp engine models.

Available through Swift, Bessacarr and Ace motorhome dealers
