

Enjoy the freedom

Complete customer satisfaction is always a top priority at Ace and the quality ethos extends to the after sales service and market-leading manufacturer's warranty package that comes with every new Ace motorhome.

This is designed to give customers confidence in the latest generation of motorhomes.

All Ace motorhomes come with a comprehensive warranty covering both the Fiat base vehicle and the coachbuilt conversion element of the product.

Swift Group Limited provides a three year warranty on the coachbuilt element of the motorhome. The warranty covers all the key elements of the motorhome in year one and continues with specified exceptions in years two and three.

The warranty is subject to certain terms and conditions and full details can be found under the warranty section on www.swiftgroup.co.uk

Fiat provides a three year manufacturers warranty on the base vehicle and a three year pan European Camper Assistance roadside assistance and breakdown cover operated in conjunction with the RAC. Full details of this cover can be obtained from your local dealer and is subject to certain terms and conditions.

All Swift Group models have been certified by the National Caravan Council for compliance with stringent European Standards, British Legislation and industry set Codes of Practice specifically relating to health and safety issues. The approval process covers the testing and inspection of critical areas of the product from fire safety, weights and dimensions, to gas, electrics and ventilation. Every Ace motorhome carries the "NCC Approved Motor Caravan" badge. The NCC also conducts unannounced inspections at the Swift factory to ensure continued compliance. NCC Approval gives you peace of mind

that your motor caravan is legal and safe.

All Ace motorhomes are European Whole Vehicle Type Approved. We believe that the Swift Group is currently the only UK manufacturer to have this approval. This is your assurance that these motorhomes meet all European regulations, and have been constructed and conform to approved standards of safety and manufacturing.

A MEMBER OF THE SWIFT GROUP

Optional Diamond pack

The optional pack now consists of cruise control, cab air-conditioning, colour reversing camera and Portable Sat nav with detailed Western Europe cover and full postcode entry

Automatic gearbox

Available as an optional extra, 160 MultiJet diesel engine with Comfort-Matic automatic gearbox

Microwave

A microwave oven is available as an optional extra

Fridge/ Freezer

175 litre or 104 litre Smart Energy Selection fridge/ freezer (model specific)

Skyview roof window

Large panoramic opening skyview window in the cab and lounge of low-line models

Class leading features include en route and on site central heating from the dual-fuel Truma 'Combi' central heating system, smart pleated blinds throughout the cab and living area, 'Ultra Comfort' domestic standard fixed bed mattress and seat tops with gas struts for easy access. New enhancements to the living and driving experience include luxury heavier pile carpets (45oz) that stay looking good for longer and the addition of a passenger's air bag in addition to the driver's airbag.

Control Panel

The new 12V control panel over the doorway has touch controls with an analogue display

Central locking

Remote central locking of cab doors and entrance door

Entrance door

Entrance door with pleated, easy action flyscreen, window and waste bin

Combining sophisticated exteriors with Ace's fresh Scandinavian style interiors, the Adventurer range now offers a choice of two new fuel saving, low-line models with panoramic opening 'Skyview' roof window in addition to two high-line models. A recessed awning is now fitted as standard and on three models a Fiat 4 tonne Maxi Chassis offers generous payloads for all the holiday essentials.

Low-line

Low-line models feature an aerodynamic low profile GRP roof with panoramic opening 'Skyview' window and spacious automotive style overcab lockers in place of the luton bed.

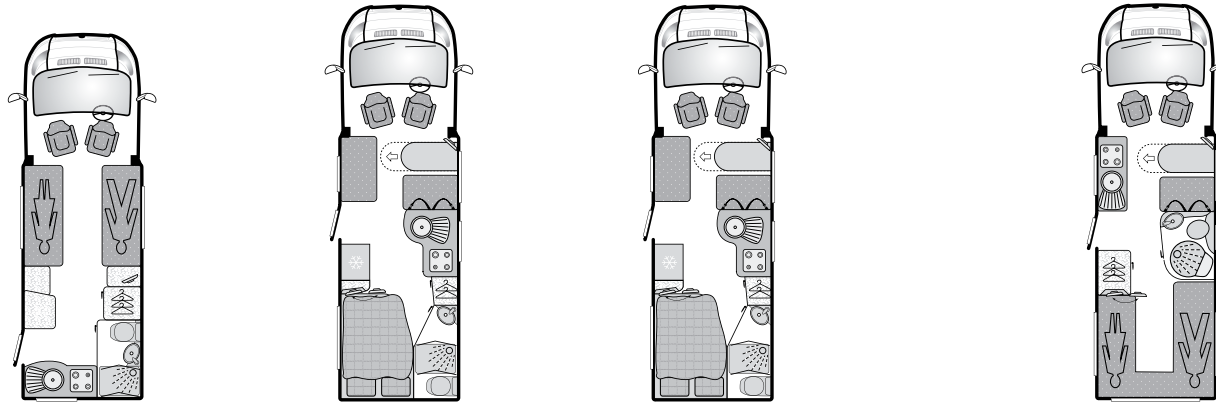

High-line

High-line models enjoy a spacious overcab luton area housing a large, gas-strut assisted, pull-down double bed which can be left made-up whilst stowed away for day use.
