

Bessacarr Motorhomes

Warranty cover for your peace of mind

All Bessacarr motorhomes come with a comprehensive warranty covering both the Fiat base vehicle and the coachbuilt conversion element of the product.

Swift Group Limited provides a three year warranty on the coachbuilt element of the motorhome. The warranty covers all the key elements of the motorhome in year one and continues with specified exceptions in years two and three. The warranty is subject to certain terms and conditions and full details can be found under the warranty section on www.swiftgroup.co.uk

Fiat provide a three year manufacturers warranty on the base vehicle and a three year pan European Camper Assistance roadside assistance and breakdown cover operated in conjunction with the RAC.

Full details of this cover can be obtained from your local dealer and is subject to certain terms and conditions.

All Swift Group models have been certified by the National Caravan Council for compliance with stringent European Standards, British Legislation and industry set Codes of Practice specifically relating to health and safety issues. The approval process covers the testing and inspection of critical areas of the product from fire safety, weights and dimensions, to gas, electrics and ventilation. Every Bessacarr motorhome carries the "NCC Approved Motor Caravan" badge. The NCC also conduct unannounced

inspections at the Swift factory to ensure continued compliance. NCC Approval gives you peace of mind that your motor caravan is legal and safe.

All Bessacarr motorhomes are European Whole Vehicle Type Approved. We believe that the Swift Group is currently the only UK manufacturer to have this approval. This is your assurance that these motorhomes meet all European regulations, and have been constructed and conform to approved standards of safety and manufacturing.

E500

E500 Low Profile Series

E510 Compact / E520 / E540 / E560

Individually styled
Beautifully built

E500

This four-layout range combines Bessacarr's high standards of comfort and facilities with the streamlined design of a genuinely low profile range. This exceptionally stylish range is designed for couples and includes a Compact two berth E510 model. New to all layouts is energy saving LED lighting which contributes to a 70% reduction in lighting power consumption. This prolongs battery life, making it realistic to power the system from a solar panel, for which there is now roof and wiring preparation.

LED Lighting
Detail lighting by high output, soft white LEDs

Quality carpet
Luxury carpet with 45oz pile weight (a 70% increase) looks good longer

Coffee Table optional

E500

Sophisticated interiors provide luxury as standard with new soft furnishings, upgraded sumptuous carpet and well-appointed kitchens and washrooms. Comfortable lounge space provides ample seating with handy storage space beneath that is easily accessible with gas strut assisted seat tops. Swivelling, fully adjustable driver and passenger seats can be used to add to the lounge area. A range of enhancements have been added to improve the living experience and the desirable feature list can be enhanced further with the updated optional hi-tech 'Elegance' pack.

Cruise control
Cruise control comes as part of new optional Elegance pack

Reversing camera
As part of optional Elegance Pack, colour reversing camera with infra-red night vision

The E540 model has been lengthened from 6.54m to 7.04m to offer longer seating and single beds and a new spacious walk-in washroom. All washrooms feature a separate shower area or cubicle, an electric flush cassette toilet and handy storage space with washbasins neatly integrated into a useful cupboard unit and an overhead storage locker. The E530 layout has also seen the same increase in length to allow for more central space and a new 175 litre Smart Energy Selection fridge freezer. For those who want a more compact model that is easy to drive and manoeuvre, the E510 is ideal at less than 6m long.

Remote locking
New remote central locking of cab doors and entrance door

Fridge freezer
New 175 litre Smart Energy Selection fridge freezer (104 litre on E510)

E500

The distinctive body shell sits on a low-line chassis, which offers superior ride, comfort and road handling due to its wider track* and low centre of gravity. The awning is now fitted as standard and car like qualities are further enhanced with a passenger airbag, remote central locking to all doors and the option of cruise control, cab air-conditioning, colour reversing camera and sat nav as part of the Elegance pack. For winter use there is a new optional winter pack consisting of fresh and waste water tank heaters and fridge vent covers for all year round travelling.

*except E510 compact

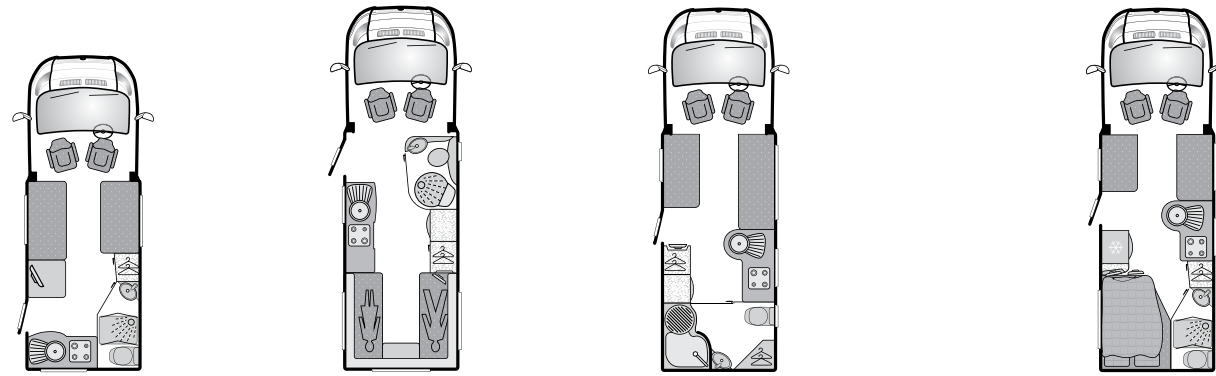

Automatic gearbox
Optional 160 bhp engine with Comfort-Matic automatic gearbox

Awning
Full-length canopy awning now comes as standard
