Lunar Motorhomes 2009

Live a Lunar Life

The Lunar Landscape

Lunar are now entering their 40th season of producing quality leisure vehicles and the wealth of experience in our design team with our uncompromising attitude to build a quality product, our meticulous attention to detail and the use of the very best equipment ensure that the new 2009 product continue to set a benchmark for others to follow. Comfortable, practical, economical, luxurious and affordable can all be used to describe the 2009 range of Lunar Motorhomes.

Lunar was established in 1969 by co-founders Brian Talbot and Ken Wilcock, both of whom worked as joiners for Knowsley Caravans, before setting up Lunar.

In 1969, inspired by the moon landing mission Brian and Ken chose 'Lunar' as the name of their caravan manufacturing business. Initially based at Earnshaw Bridge, Farington, near Preston, Lunar then moved to a former mill site in Lostock Hall. In 1971 they renovated the Lostock Hall site using their own joinery and building skills to incorporate a storage area and manufacturing plant and in 1975 Lunar ventured into the holiday home and motorhome markets to complement its touring caravan range.

In 2000 Lunar was purchased from Brian Talbot and Ken Wilcock by the Tirus Group who already had a number of caravan and motorhome manufacturing plants in Europe. It remained under their ownership until November 2007 when a management buyout secured the company's return to British ownership.

Now freed from its European shackles Lunar has already invested in new facilities and looks forward to many more years of successful manufacturing.

2009 Roadstar 900

The Roadstar has been the flagship of the Lunar motorhome ranges for many years and the twin axle 900 more than lives up to this Star billing. Offering all the space you would ever need in a motorhome, the Roadstar 900 has the added luxury of a full end washroom and two dedicated fixed single beds with luxurious thick sprung mattresses. With two seat belts at the front dinette and a unique swivel to transform the dinette into a L shaped seating area the 900 is perfect for every eventuality.

The host of features that are standard in the 900 include, rear twin axle, cab air conditioning, cruise control, a gas/electric hob unit, special mood lighting in the over-cab bed area, LED reading lights, fully fitted flush awning incorporated in the exterior design, all-fibre side panels giving the benefit of robust good looks that are complimented by the superb new alloy wheels together with the smart exterior graphics. Optional soft furnishing schemes are available including a fabulous cream leather.

Key Features

- Aluminium Fibre Side Panels
- One Piece Roof Panel
- Hinged Gas Locker Storage
- Exterior access locker doors with large storage area
- Integral awning
- Roof Rack and Ladder
- Luxurious Sprung Mattress
- New High Quality Belgian Furnishing Fabrics
- Duel Fuel Hob Unit
- Microwave Oven
- Color Keyed Thermostatically Controlled Oven Hob & Grill
- 3 Way Fridge (Gas / 12V / 230V) 175L
- Webasto Diesel / Mains Heating with Blown Air Ducting
- Mains Electric Charger / Transformer
- LED Reading lights
- Ceramic Domestic Style Swivel Toilet - Electronic Flush
- Cab Air Conitioning
- Cruise Control

Roadstar 900

2009 Roadstar Range

The seven layouts of the single axle Roadstar range ooze quality, comfort and luxury at every turn as well as offering the very best of the most popular layouts

The Roadstar 726 has a large rear lounge area, central toilet/shower room, front kitchen and offside front dinette. The front dinette has two forward facing seat belts and the swivel arrangement unique to Lunar that converts the dinette into L shape seating.

A fixed bed with a new aluminium frame and luxurious thick sprung mattress, is a new feature of all Roadstar models the 780 having an optional front layout of lounge seats or a full dinette with two lap and diagonal inertia reel seat belts a centre kitchen and a half garage at the rear.

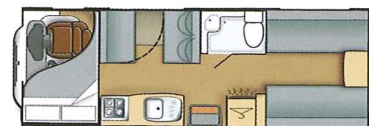

The ever popular Roadstar 786 continues with its completely separate rear shower, toilet and vanity unit, offside fixed bed and kitchen and front lounge seats with swivel driver and passenger seats. A half dinette at the front including two lap and diagonal inertia reel seat belts is available on both the 786 and 800.

The Roadstar 800 with a separate shower unit, separate toilet compartment and a large island bed now boasts the 175 litre separate fridge/freezer and the Webasto diesel/mains electric heating as standard.

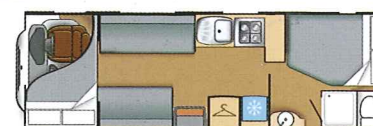

The feast of standard equipment in the Roadstar models include, a new Thetford ceramic toilet (except 726), cab air conditioning, cruise control, an integral awning, dual fuel hob unit, microwave oven, full oven and grill, dual fuel heating and water heating, electric foldaway step and swivel driver and passenger seats. Subtle changes including, domestic style toilet door and handle, new silver furniture handles and socket surrounds, taps and vanity units, an over-cab pre-formed trim, new entrance door and lower furniture doors and LED reading lights means that the Roadstar range will meet the challenge of the coming season.

- Cruise Control

2009 Goldstar Range

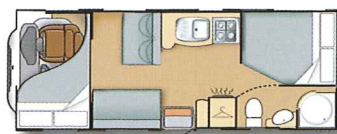

The Goldstar 620 is joined for 2009 by an all new Goldstar 650 which features a rear offside fixed bed, separate shower/toilet room and a half dinette at the front that easily converts into a double bed. Two lap and diagonal inertia reel seat belts and a swivel drivers and passenger seats enable this compact model to cater easily for a family of four.

The 620 has two long rear lounge seats with a central chest of drawers with occasional table and also boasts a separate shower within the toilet room and a central kitchen unit.

The standard features not only include all those mentioned under the Moonstar but also a colour co-ordinated white bumper, rear spoiler with high level brake light, a choice of two top quality Belgian upholstery fabrics with matching curtains, mood lighting in the over-cab bed area, an easily adjustable bracket for a flat screen TV and a microwave in the kitchen. Modern silver furniture handles with matching 230volt socket surrounds, taps and bathroom fittings, an over-cab lining trim and a domestic toilet door and handle are new features for 2009

Goldstar 620

Goldstar 650

Key Features

- Hinged Gas Locker Storage
- Double Floor for extra Insulation and storage of wiring
- Flyscreens and Blinds to all Opening Windows (Ex Cab)
- Swivel Passenger Seat Base
- New High Quality Belgian Furnishing Fabrics
- Sprung Mattress for Fixed Bed
- Microwave Oven
- Color Keyed Thermostatically Controlled Oven Hob & Grill
- TV Compartment with bracket for Flat Screen TV
- Mains Electric Charger / Transformer

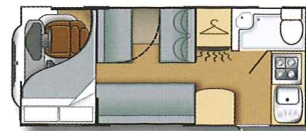

2009 Moonstar Range

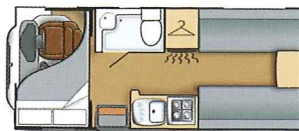

The Moonstar range has two extremely popular and practical layouts, a 570 and 580. The 570 has a rear kitchen, an offside front dinette with two lap and diagonal inertia reel seat belts and a rearward seat that will easily swivel to form a comfortable L shape lounge. A long nearside settee and a rear corner toilet/shower room complete this original layout based on a traditional theme.

A large rear lounge area, a central chest of drawers with an occasional table top and a centre kitchen and toilet/shower room is the layout of the 580.

A host of features are standard in the Moonstar including a unique double floor for added insulation and unobtrusive snag free neat installation of the pipe work and wiring. A robust exterior door with two locking catches, one top and one bottom, gives added security, complete with a window and blind. For ease of use the Moonstar has a large slide out gas locker that will accommodate a 13kg and a 6kg gas bottle. A large hidden storage space behind the driver and passenger seat utilises what would otherwise be dead space and epitomises the attention to detail of our design team.

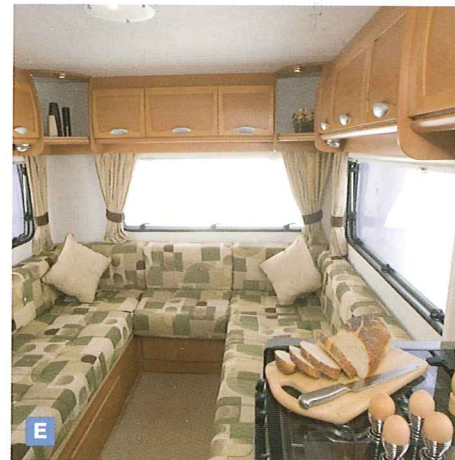

Moonstar 570

Moonstar 580

Key Features

- Hinged Gas Locker Storage
- Double Floor for extra insulation and storage of wiring
- Flyscreens and Blinds to all Opening Windows (Ex Cab)

- D** Rear view of the Moonstar 570 featuring soft furnishings in 'Barney Green' upholstery.
- E** Rear view of the optional wrap around seating in the Moonstar 580
- F** The compact yet practical bathroom

2009 Telstar/Xstar/Fivestar

Stylish, robust and compact this range of Star models is built on the award winning Renault chassis cab. The meticulously designed interiors have fully fitted kitchens with thermostatically controlled gas ovens and curved fronted Dometic gas/electric fridges for starters. With high specification these low profile, coach built Motorhomes must be seen to be appreciated.

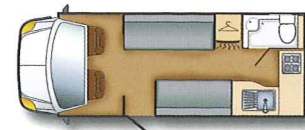

The spaciousness of the compact Telstar and Xstar belie their narrow 7' wide body.

The rear lounge and central chest of drawers with occasional table top of the Xstar and front offset lounge seats of the Telstar offer two of the most popular layouts for two people. Supporting new graphics and a new stunning soft furnishing scheme for 2009 these Renault based vehicles are further enhanced by subtle changes throughout.

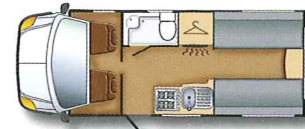

The Fivestar fixed rear bed now has an aluminium frame and has been raised to allow a larger exterior access locker door to be fitted.

Warranty

Lunars are famously well built and reliable, but for total piece of mind all Lunar Star Motorhomes are supplied with a six year body shell integrity warranty. The conversion has a one year manufacturers warranty with an additional two years insured warranty with MB&G (Subject to an annual service and inspection and excluding items subject to normal wear and tear). The fiat chassis cab has a three year pan European warranty and the Renault has a two year manufacturers warranty with a third year insured warranty with MB&G

Each Lunar model has been certified by the **NATIONAL CARAVAN COUNCIL** for compliance with stringent European Standards, British Standards AND the industry set Codes of Practice that specifically relate to health and safety issues.

The approvals process covers the testing and inspection of all critical areas of the product from fire safety, weights and dimensions through to gas, electrics and ventilation. In order to ensure Lunar's continuing compliance with their stringent standards, the NCC also carry out unannounced spot inspections at the Company's Preston factory.

Every motorhome carries the NCC Approved badge that gives you the peace of mind in the knowledge that your motorhome is both fully legal AND safe.

Soft Furnishings

Lunar have carefully selected several soft furnishing schemes for each of their ranges and any of these schemes can be specified in any range subject to availability and a small fee. In addition to this there is a luxurious leather option available.

MRO Information

The stated Mass in Running Order, 'MRO', includes a manufacturer's tolerance that reflects the varying individual weights of component parts. It is anticipated that the stated figure will NEVER be exceeded in the standard ex-works specification.
