Mondial GT | Mondial GT Plus | Mondial RL

As much at home on the high street as on holiday, the Mondial range from the Swift Group is a stylish van conversion available in three spacious layouts.

A new Mondial GT Plus with additional travelling seats joins the Mondial GT and Mondial RL. They are all built on the Fiat long wheel base chassis which gives plenty of room inside for flexible seating and sleeping. All models have two single beds, which in the GT and RL convert into a double bed, along with a good size washroom and well equipped kitchen.

The new generation Fiat Ducato assures driving performance and comfort with a 120bhp engine with six speed gearbox as standard or the option of a 157 bhp engine with automatic transmission and Driver's pack. The Driver's pack option of cab air conditioning and cruise control can also be added to the 120bhp engine models.
