Sterling Elite

The Elite offers the very best in luxury accommodation and comes with a choice of five models – three single axle and two twin axle models offering a good choice of layouts including popular fixed bed layouts and large walk-in washrooms.

'Oregon pine' furniture with ebony accents and complementary soft furnishings tone perfectly with the refreshed kitchens featuring a unique new granite-look moulded sink and stainless steel colour appliances. Fixed bed models offer 'Ultra comfort' luxury deep sprung mattress and a beige leather furnishing option.

Exteriors are equally impressive with eye-catching metallic silver sidewalls, bold graphics and shock absorbers for an improved towing experience. All washrooms have a fully lined shower cubicle with end washroom models featuring a walk-in shower with separate drying area. Superior Alde radiator central heating with daily programming comes as standard in twin axle models to provide plenty of hot water. Detailed touches such as energy saving LED lighting and positive catches on the upper locker doors add to the high specification.
