Issued October 2010.

Solid Sleek Luxurious Affordable

The E700 Series is the definitive choice for the discerning motorhome enthusiast and offers the ultimate in style and luxury in all four TAG axle models, including the new E749.

Three layouts are available in Low and High-Line options providing the choice of a large storage locker or comfortable double bed in the spacious over cab area.

Three layouts are available in Low and High-Line options providing the choice of a large storage locker or comfortable double bed in the spacious over cab area. The distinctive body shell sits on an AL-KO Super-Lowline chassis which offers superior ride and road handling due to its wider track and low centre of gravity.

Long term re-assurance is provided by solid proven construction, durable materials and compliance with the strict weight, dimension and safety standards of European Whole Vehicle Type Approval.

Key features include:

advantage of a sleeker, more aerodynamic profile housing a generous full-width overcab locker and a panoramic opening 'skyview' window

1 Full-length recessed awning 3 & High-Line models offer a cleverly-designed, spacious over cab bed which features gas assisted struts, enabling it to be easily pulled down at night time 7 Models come with two 95Ah auxiliary batteries giving greater independence away from a mains power source

3 Underfloor floor storage areas are illuminated 9 Low energy lighting system with soft white, high output LED lights 10 Optional Comfort-Matic automatic gearbox 10" fold down LCD TV with integral Freeview, tuner and DVD player

1 Reversing camera with image shown on rear view mirror 1 NEW Larger, easier to read control panel 1 NEW 12V exterior power point for pump filling of the water tank

1 Driver and passenger airbags as standard 2 & 3 Low-Line models have the

Solid Sleek Luxurious Affordable

Luxurious interiors, which include a leather upholstery option, have 'designer' style kitchens with stainless steel colour appliances including a large integrated fridge/freezer and a new GRP sink that co-ordinates with the work top. Fixed bed models come with an 'Ultra comfort' luxury deep sprung mattress and storage space underneath. The E789 model has a raised bed that allows for a generous 'garage' area capable of storing large items like a scooter.

Solid Sleek Luxurious Affordable

Most lighting is by energy saving soft white LED lights which prolong the life of the twin batteries and make it realistic to power the system from a solar panel, for which there is roof and wiring preparation. All washrooms feature a cassette toilet with an independent tank and a separate sealed shower cubicle with washbasins neatly integrated into a useful cupboard unit.
