Built with style, driven by passion

Autocruise is part of the market leading Swift Group.
Specialising exclusively in the design and manufacture of
van conversion motorhomes, the brand is the number one
choice for this type of motorhome.

Scatter cushions are not part of specification

Whether you need a vehicle for everyday use, holiday or business the van conversion range is incredibly versatile.

With car standards of driving style and interior appeal, Autocruise Van Conversions are purpose built to provide spacious facilities for someone wanting to drive a more compact vehicle.

Based on either the Fiat Ducato or Peugeot Boxer they are transformed to provide all the home comforts of their larger coachbuilt cousins in a more manageable size.

Choose from seven models, two new for 2013, and all models can now be specified with the Fiat 130bhp engine with Comfort-Matic automatic gearbox.

Notes

- The Maximum User Payload includes:
 - the conventional load (this is the allowance for passengers)
 - essential habitation equipment (items and fluids required for safe and proper functioning of habitation equipment)
 - optional equipment (items available from the manufacturer over and above the standard specification)
 - personal effects (those items not covered by the above)
- The Mass in Running Order is the mass of the unladen vehicle including a 75kg allowance for the driver plus engine coolants and 90% of the fuel tank, water tank and gas capacity.
- Please take care to ensure that you have allowed for the masses of all items you intend to carry in the motor caravan, e.g. passengers, optional equipment, essential habitation equipment and personal effects, such as clothing, food, pets, bicycles, sailboards, sports equipment etc.
- Warning - under no circumstances should the maximum technical permissible laden mass of this motor caravan be exceeded.
