

CRÉATEUR D'HORIZONS*

CHAUSSON

CATALOGUE / CATALOGO **2013**

A way of looking at things is something we share... naturally

CHAUSSON is a trusted French brand in the world of leisure vehicles.

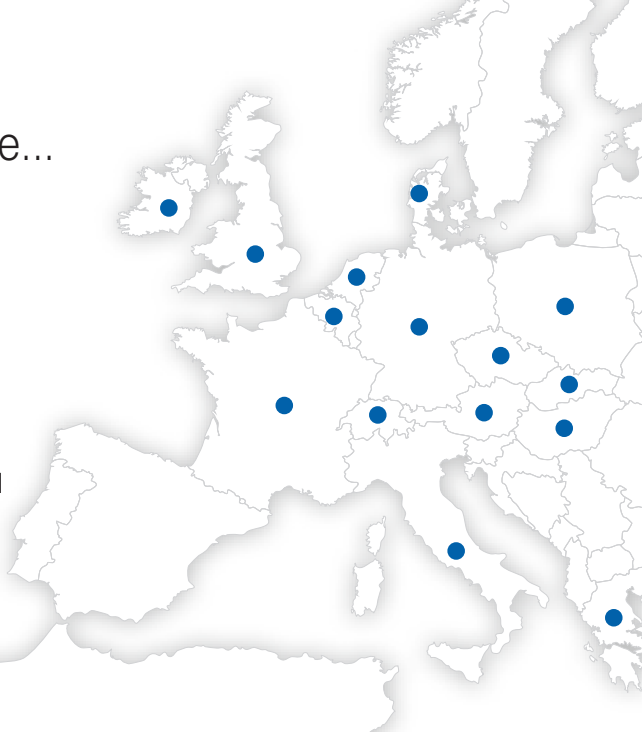

A camper designer and manufacturer for over thirty years, CHAUSSON offers an accessible range that is reliable and filled with practical technology.

Faced with the different wishes of different users, CHAUSSON offers several complete lines that are adapted to the needs of each individual...

By listening to the ideas of those who will be living in the campers, CHAUSSON takes into account user needs from the design stage and includes them in technical specifications.

A creator of respected and generous designs, CHAUSSON has the legitimacy and means to be a pioneer. From the historic Acapulco models to the recent Sweet line, innovation is at the heart of our goals.

With CHAUSSON, you'll discover how to create your own horizon...

Uno stato d'animo, da condividere... naturalmente

CHAUSSON è un marchio francese di riferimento e di fiducia nell'universo dei veicoli per il tempo libero.

Creatore e costruttore di camper da 30 anni, CHAUSSON propone una gamma accessibile, affidabile e ricca di tecnologia utile.

Di fronte alle diverse esigenze degli utilizzatori, CHAUSSON offre diverse gamme complete e adatte ai bisogni di ognuno...

Ascoltando i desideri di coloro che ci vivranno, CHAUSSON tiene conto di tutte le aspettative degli utilizzatori a partire dal momento della concezione e le integra nella dotazione di serie.

Creatore di design sobrio e generoso, CHAUSSON possiede la legittimità e i mezzi per riuscire ad essere precursore.

Dagli storici modelli, come l'Acapulco, a quelli più recenti, come lo Sweet, l'innovazione è al centro della nostra volontà.

Con CHAUSSON, scoprirete come creare il vostro orizzonte...

To reinforce Twist's insulation CHAUSSON has created a new insulation process the Van Protection System. A thick polyester fibre sheet reinforced by an Aluminium layer. This fibre sheet which perfectly fits the shape of the body results in:

- > **better insulation (heat/cold),**
- > **no thermal bridges,**
- > **better heat conduction,**
- > **a reduction in energy consumption,**
- > **better acoustic insulation.**

Al fine di migliorare l'isolamento dei propri furgonati, CHAUSSON ha concepito una nuova tecnica d'impermeabilità: il Van Protection System. Una spessa fibra in poliestere rivestita di una pellicola di Alluminio. Grazie alla sua capacità di adattamento alla struttura metallica del furgone, VPS significa:

- > **un migliore isolamento (caldo/freddo),**
- > **l'eliminazione dei ponti termici,**
- > **una migliore ripartizione del calore,**
- > **la riduzione dei consumi energetici,**
- > **un migliore isolamento acustico.**

- (1) Engine (HP)
- (2) Max technically permissible laden mass
- (3) Vehicule bodycoach weight in running order (+/- 5%)
- (4) Seats authorised for road use without motorbike carrier
- Can't be fitted on

- The optional "towing/motorcycle carrier" equipment can in certain cases change the number of passengers on the car registration papers. Your dealer will be able to give you more information.
- Weight empty in running order: the weight empty in running order includes the weight of the driver (75 kg) and 100% of the water, 90% fuel and 100% gas tanks. Tolerance +/- 5%. The indicated weights empty in running order only take account of series equipment (+/- 5%). The manufacturer reserves the right to alter this equipment list at any time.
- Accessories and equipments fitted as an option are not included when determining the weight empty. Their weight should therefore be deducted from the available payload.
- You may be able to find certain heavy accessories like large blinds or generators in the marketplace. The weight of these accessories should be deducted from the payload and could possibly lead to a reduction in the actual passenger numbers. It is therefore important not to exceed the maximum loads on axes and the technically acceptable loaded weight when the vehicle is fully loaded.
- Some models photographed in this catalogue may be shown with equipment supplied as an option. The characteristics of photographed models may vary from one country to the next. Despite the care taken in producing this catalogue, this cannot be viewed as a contractual document. CHAUSSON reserves the right to modify its models without prior notice. CHAUSSON cannot be held liable for any modifications made by its suppliers nor typographical errors when printing these documents. It is forbidden to reproduce, even partially, text or document. Do not litter the public highway.
- Your retailer is at your disposal to advise you and provide you with any additional information.
