THE REVOLUTIONARY
CONSTRUCTION SYSTEM
FOR A NEW GENERATION
OF CARAVAN

Elddis

The revolutionary construction system for a new generation of caravan

02

From Concept to Reality - an innovation 3 years in the making

Working with Henkel, the world renowned structural bonding specialists, Elddis has created the first fully bonded touring caravan. This world-class construction system is used on Formula 1 racing cars, super yachts and is even used to bond the wings to aeroplanes. And now Elddis caravans are built using the same pioneering and proven technology - **SoLiD**.

SoLiD is strong

Our caravans have more integrity and rigidity by spreading stresses and strains evenly across all joints.

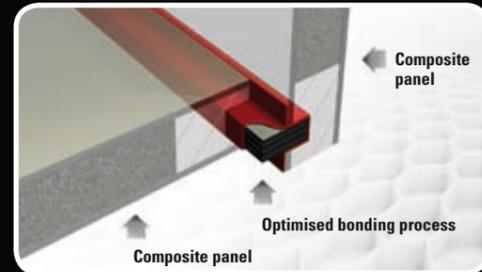

SoLiD is light

The new construction system enables us to make not only stronger, but lighter caravans - allowing us to add even more class-leading specification whilst maintaining our lightweight advantage.

SoLiD is dry

With over 90% fewer exterior screws, this new construction creates an impervious barrier to water ingress, backed by our industry-leading 10 Year Water Ingress Warranty.

All Elddis touring caravan ranges are now built using our exclusive, industry-leading SoLiD structural bonding system.

To prove the strength of **SoLiD** construction, we towed a twin axle Crusader loaded to a hefty 1900kgs MTPLM... using a box made using **SoLiD** construction.

Elddis

BPW FAHRZEUGTECHNIK

Experience the BPW difference

Elddis touring caravans come with world-renowned BPW technology, designed for better functionality, greater safety and the ultimate towing experience

- **Fast Coupling WS3000 Winterhoff Stabiliser*** with class-leading pitch and swing control; easy one-handed operation; greater towing performance – and no special towbar required.
- **Swing Vtec Chassis** for improved stability in all conditions and an improved towing experience.
- **Endurance tested** on the toughest of Europe's test tracks, simulating 5 years of punishing usage. Elddis caravans remain safe, undamaged and still looking great.

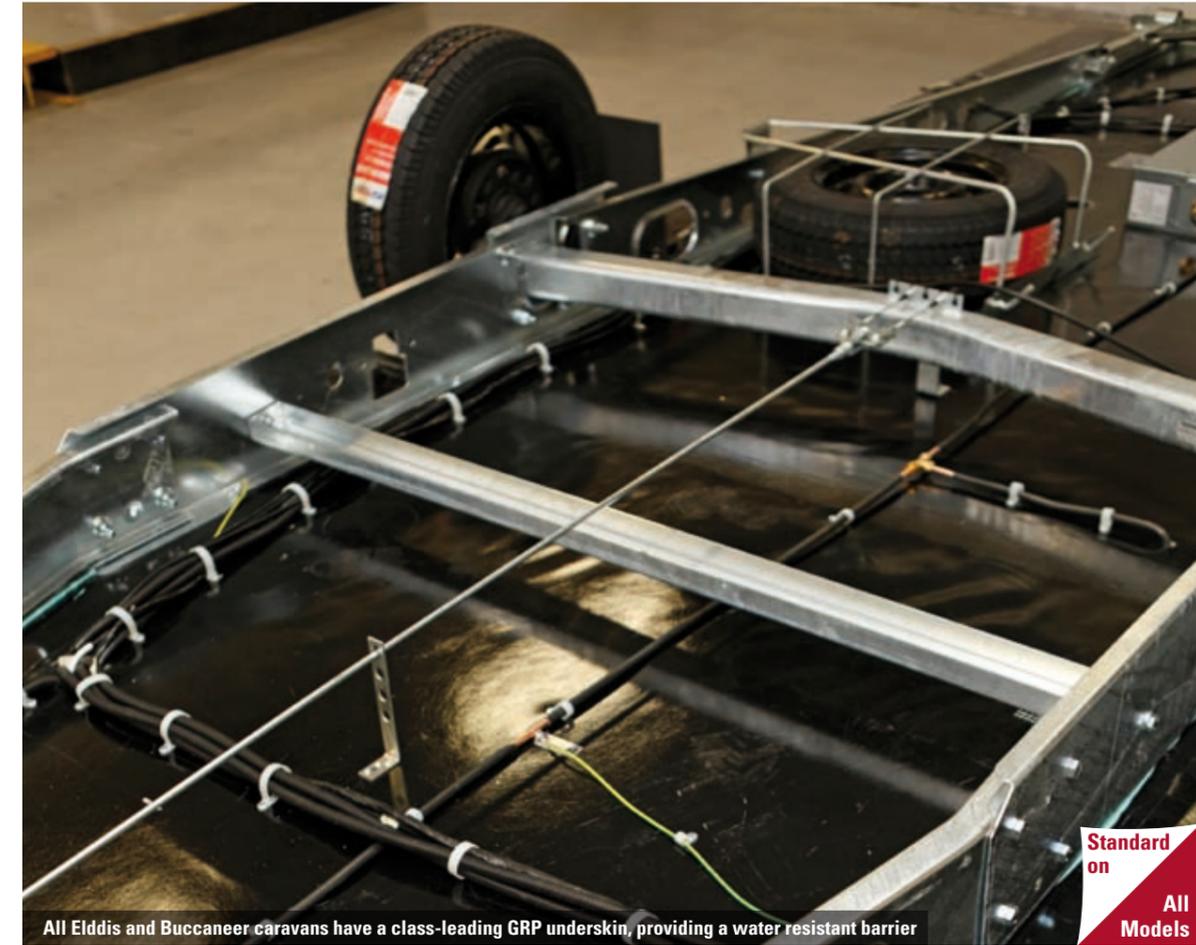

Visit: www.elddis.co.uk/bpw-technology for more information on the BPW features and benefits found on all Elddis caravan ranges.

*Winterhoff stabiliser comes as standard on all Elddis and Buccaneer models, excluding Xplore. Available on the Elddis Xplore range as an optional extra as part of the SE pack.

Elddis and Buccaneer caravans are built on a different chassis to most other UK caravans - and our Customers tell us they love the superior towing experience

Standard on All Models

All Elddis and Buccaneer caravans have a class-leading GRP underskin, providing a water resistant barrier

Standard on All Models

BPW ✓

THE PREFERRED CHOICE OF INDUSTRY EXPERTS.

"Hitching is quicker and easier"

"Superior ride quality"

"Outstanding stability control"

"All-round better driving comfort"

www.elddis.co.uk connect with us   

iDC Intelligent Drive Control works like the electronic stability programme (ESP) in your car, detecting and eliminating any critical snaking of your caravan in unfavourable driving conditions. The ultimate in safety and stability.

xplore

The Elddis Xplore is the most innovative lightweight value caravan range available today.

The multi-award-winning range features layouts unique and exclusive to Elddis and some of the very lightest caravans in the UK.

Every model is compact and easy-to-tow with virtually any car, yet the Xplore's diminutive size belies the spacious and ingenious storage within.

The Xplore range boasts features and specification to outclass its competitors, yet comes at a very affordable price ... no wonder the Elddis Xplore is synonymous with exceptional value for money.

All Elddis caravans and motorhomes are engineered and built using our unique and exclusive SoLiD technology

 All Elddis Xplore models have been awarded Grade III Thermal Insulation for safe and comfortable touring in all weather conditions

 Elddis caravans are built on industry-leading BPW chassis and running gear

Buccaneer

Buccaneer is *the* most luxurious touring caravan in the UK.

The opulent Buccaneer range features class-leading design, inside and out, with more features as standard than *any* other caravan.

Whilst the Buccaneer is built on over 40 years of expert craftsmanship, it is a thoroughly modern caravan with unique and exciting features and innovations you simply won't find anywhere else.

The multi-award-winning Buccaneer goes from strength-to-strength – the epitome of the great British grand tourer!

All Elddis caravans and motorhomes are engineered and built using our unique and exclusive SoliD technology

All Buccaneer models have been awarded Grade III Thermal Insulation for safe and comfortable touring in all weather conditions

Elddis and Buccaneer caravans are built on industry-leading BPV chassis and running gear

All Buccaneer models come with European Whole Vehicle Type Approval

A FURTHER EXCITING NEW LAYOUT FOR 2013 SEASON

Buccaneer

33

The remote control Heki sunroof closes automatically should it rain
