*avanté affinity crusader*

**Elddis**

**SOLID**  
 STRONG LIGHT DRY

The revolutionary construction system  
 for a new generation of caravan

## The revolutionary construction system for a new generation of caravan

### The first and only fully-bonded construction

Working with Henkel, the world renowned structural bonding specialists, we have created the first fully bonded touring caravan. This world-class construction system is used on Formula 1 racing cars, super yachts and is even used to bond the wings of aeroplanes. And now Elddis caravans are built using the same pioneering and proven technology - SoLiD.

#### SoLiD is strong

Our caravans have more integrity and rigidity by spreading stresses and strains evenly across all joints.

#### SoLiD is light

The new construction system enables us to make not only stronger, but lighter caravans - allowing us to add even more class-leading specification whilst maintaining our lightweight advantage.

#### SoLiD is dry

With over 90% fewer exterior screws, this new construction creates an impervious barrier to water ingress, backed by our industry-leading 10 Year Water Ingress Warranty.

All Elddis touring caravans are built using our exclusive, industry-leading SoLiD structural bonding system.

**DEVELOPED  
TRIED & TESTED  
FOR OVER 5 YEARS**

In partnership with

**Henkel**

the world renowned structural bonding specialists

To prove the strength of SoLiD construction, we towed a twin axle Caravan loaded to a hefty 1900kgs MTPLM...using a box made using SoLiD Construction.

## What's new for 2014

All-new Crusader range with Sky-Scape panoramic sunroof

Craftsman-built cabinetry with dove-tailed drawers

BPW iDC (Intelligent Drive Control) now as standard on all Elddis caravans

New easy-to-use touch-screen control for Alde central heating system

New 40L on-board water tank giving 80L of continuous water supply

Enhanced security, including BPW Diamond Standard wheel locks and Tracker®

# Contemporary and comprehensive

... everything you need in a lightweight, modern and affordable caravan

The award-winning Eddis Avante is a modern and contemporary touring caravan, comprehensively providing everything you need in a lightweight and versatile range.

The Eddis Avante is fresh and exciting, featuring innovative and practical specification, style and unrivalled craftsmanship. The range features totally unique layouts that you simply won't find anywhere else.

# Refined, lightweight elegance

... in tune with the discerning caravanner

The Eddis Affinity range from Eddis is designed to delight the most discerning of caravanners.

The multi-award-winning Affinity is an exciting and totally unique range of lightweight luxury touring caravans – all with Alde's central heating system and all weighing in at less than 1500kgs MTPLM.

Despite its light weight, the Affinity boasts an abundance of features as standard, quality craftsman-built cabinetry, and stylish detail inside and out – you can have it all ... and at a surprisingly affordable price!

# Different by design

... intelligent engineering and stylish detail

The all-new Elddis Crusader range has been redesigned inside and out, with improvements and specification to leave the competition standing.

From the sporty, head-turning exterior to the impressive and lavish interior - no other caravan looks or feels like a Crusader.

The Crusader boasts innovation in every detail and offers unique and high level specification as standard, with space and practicality in abundance.

The Crusader's class-leading, craftsman-built cabinetry exudes grandeur, whilst maintaining its competitive lightweight edge.

This is the first and only choice for all serious caravan connoisseurs!

Class-leading technology in partnership with

## Experience the BPW difference

Elddis touring caravans come with world-renowned BPW technology, designed for better functionality, greater safety and the ultimate towing experience.

BPW FAHRZEUGTECHNIK

- **Fast Coupling WS3000 Winterhoff Stabiliser** with class-leading pitch and swing control; easy one-handed operation; greater towing performance – and no special towbar required.
- **Swing Vtec Chassis** for improved stability in all conditions and an improved towing experience.
- **Endurance tested** on the toughest of Europe's test tracks, simulating 5 years of punishing usage. Elddis caravans remain safe, undamaged and still looking great.

Visit: [www.elddis.co.uk](http://www.elddis.co.uk) for more information on the BPW features and benefits found on all Elddis caravan ranges.

Elddis caravans are built on a different chassis to most other UK caravans - our customers tell us they love the superior towing experience

All Elddis caravans have a class-leading GRP underskin, providing a water resistant barrier

Standard on All models

Reinforced step-on hitch cover makes windows much easier to clean

Standard on All models

**BPW** ✓

THE PREFERRED CHOICE OF INDUSTRY EXPERTS.

"Hitching is quicker and easier"

"Superior ride quality"

"Outstanding stability control"

"All-round better driving comfort"

iDC Intelligent Drive Control works like the electronic stability programme (ESP) in your car, detecting and eliminating any critical snaking of your caravan in unfavourable driving conditions.

THE ULTIMATE IN SAFETY AND STABILITY.

COMES AS STANDARD ON ALL ELDDIS TOURING CARAVAN MODELS
