

LUNAR[®]
Lightweight Luxury

The Lunar 2014 Caravan Collection

PERFECTED WITH
 **Core**[®]
At the heart of your holiday

Lunar's Lightweight Luxury: at the heart of your holiday

We've spent over 40 years putting quality at the heart of everything we do – and with leading lightweight technology built into every Lunar caravan, our 2014 range is no different.

Our collection offers a variety of options and possibilities, ensuring that there is a Lunar model for every size of family. But whichever Lunar you may choose, you'll find the same commitment to your holiday experience – and the same innovative methods and materials that put Lunar at the forefront of caravanning.

Our engineers, designers and craftsmen have poured all of their care and attention, combined with their knowledge and experience to create the Ariva, Quasar, Stellar, Lexon, Clubman and Delta ranges. The only question is – which will you put at the heart of your holiday?

The 2014 model collection is the first to evolve from Lunar's Core® philosophy and technology. With Core® our body shell is empowered with durability and weight reductions by as much as 55 kg across the range. The saving comes without compromise; the new models boast the same comfort, quality and luxury that is synonymous with the Lunar name.

You won't see all the innovation built into every Lunar, but it will make all the difference right at the heart of your holiday experience.

Core® defines something very close to our hearts – our passion for lightweight technology and a company philosophy that underlines the belief that everyone should experience the joys of touring.

Our innovation through Core® integrates materials of a proven background with those of leading edge quality. Our progress through lightweight technology has introduced a pioneering thermoplastic material to the inner wall, creating an enhanced body shell that boasts superior properties;

Weight – reduced by up to 55 kg

Moisture resistant – reduced condensation

Strength – improved durability

Insulation – improved insulation and Grade III compliance

Core® Innovation Tried and tested!

The integration of Core® technology with existing and proven engineering methods provides the re-assurance of reliability to our customers. The advancement in materials and their application is a breakthrough for our range whilst also being highly recognised by leading brands within the automotive and marine sector. After meticulous selection every component continues to be carefully designed, constructed and tested.

With the use of two leading testing facilities organised by AL-KO and Truma/Alde, we were able to put our caravans through extreme road and temperature conditions.

Core® Road Test

Our Core® body shell caravan endured a lifetime test of 30,000 km, via an automotive test facility in Stuttgart, Germany. The test programme was split into two parts;

Track run – A vehicle track cycle of 20,000 km incorporating all the demands that a real life road of today imposes including Belgium pave/cobbles, larger 'moon crater' pot holes and repaired asphalt surfaces.

Rolling Road – A rolling road simulator aggressively modified to subject heavy 'Bump' loads through the chassis and subsequent body shell.

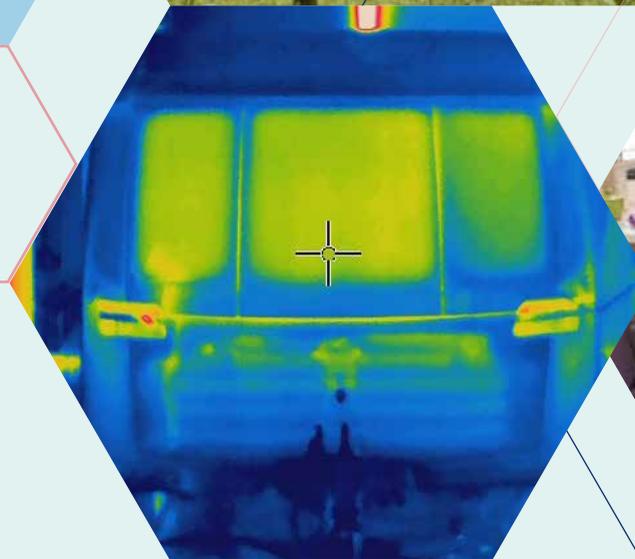

The intensive test programme, witnessed by vehicle engineering specialists at AL-KO, provided conclusive evidence of a very resilient product, reinforcing the fact that our Core® design has successfully reduced weight whilst maintaining advanced strength and durability.

Core® Climate Test

In one of the world's largest climate chamber test facilities, owned by Truma/Alde, the Core® body shell endured a sub-zero temperature test programme of 100 hours. Conclusions promoted the body shell's superior material properties indicating an improved spread of warm air, elimination of cold spots/moisture and significant reduction in condensation.

The testing then continued back in Derbyshire, UK, where our caravan felt the temperature extremes of one of the world's largest climate chambers run by Truma/Alde. The results from the tests showed that by using this honeycomb thermoplastic material, our Lunar caravans have a more even spread of warm air inside and cold spots minimised. With less cold spots present there will also be less moisture deposits on the walls and windows, reducing the occurrence of condensation.

For us, perfecting our products with Core® ensures innovation and reliability, for you it simply ensures a safer, more comfortable and enjoyable holiday.

The Ariva & Quasar Collection

1

Up to
30kg
reduced
MTPLMs

For families looking to place a sense of adventure at the heart of their holiday, the Ariva/Quasar range for 2014 is here. With a sleek exterior and luxurious interior features, all brought together with Core®, every one of our models – ranging from 2 to 6 berths – offers comfort and quality in a lightweight package.

We have enhanced our Quasar models with a stunning new full height curved front panel with 25% larger flush fitting front windows and a large gas locker that offers 35% more storage. The graceful looks continue thanks to the sleek new side windows and new graphic decal design.

As every inch of space in a caravan is precious, there are many functional and practical ideas behind our interior enhancements.

Thanks to the new full height front panel, the interior is airy and open. More headroom is also provided underneath the front bulkhead lockers which offer 40% more usable shelf space.

The fresh new 'Romano' soft furnishings bring comfort and style and are complemented by the new 'Stone' stain resistant carpet and array of new LED lighting. The powerful new 4kw Truma combi gas/ electric water and central heating system has a fast heat up time and provides instant, controllable timed heating and hot water. There is also a new Truma digital control panel to complement this system.

The kitchen area is contemporary and elegant with new cream overhead kitchen locker doors, glossy cream splash back, cream tap, black panelled Dometic electronic fridge, and restyled Aspire separate grill and 42L oven.

2

3

- 1 New Quasar 564 – Large rear dinette quickly converts to double bed
- 2 New 'Romano' soft furnishings complemented by contemporary cream edged lockers
- 3 New cream gloss splashback, new contemporary tap, restyled Dometic fridge and restyled Aspire oven/grill with 4 burner hob

The Ariva & Quasar Collection

- 1 Quasar 524 - 4 berth with side dinette
- 2 Washroom with domestic styled shower and two wardrobes
- 3 Quasar 554 - fixed single bed layout with end washroom
- 4 Quasar 546 - 6 berth layout with fixed bunk beds great for growing families
- 5 Quasar 462 - spacious 2 berth perfect for couples

The multi-award winning Ariva has the narrowest and lightest bodies of its rivals while also being the most luxurious. Developed with Core® for 2014, it now has an amazingly low MTPLM of 970kg.

The Quasar is also perfect for families who enjoy the true touring pleasures of luxury, space and flexibility. For 2014 we have introduced the Quasar 564, a very flexible 4 berth with an MTPLM of just 1350kg. This model provides a large rear side dinette that seats 4 during the day but then quickly converts to a double bed for two at night.

Ariva & Quasar additional features and layouts

- NEW** Snake cut key to all locks
- NEW** Exterior graphics and colours
- NEW** Full height curved front panel (Not Ariva)
- NEW** Large, easy access front gas locker with 35% more storage (Not Ariva)

3

Proven Durability
30,000km
of Road Tests

- 1 New Lexon 470 – Spacious 2 berth with large end washroom
- 2 New 'Cavani' soft furnishings complemented by luxury pile carpet
- 3 New side windows and decals make this range look ultra-sleek

Bringing together a timeless design with innovative features, the Stellar/Lexon range of models put a new dimension of lightweight luxury to the heart of your holiday. Across the 5 single and twin axle models – ranging from 2 to 4 berths – a graceful exterior highlights our Core® technology while the interior boosts a contemporary flair.

New flush fitting side windows and new decal design complement the full height curved front panel and one piece smooth aluminium sides. The large gas locker has a unique cantilever hinge mechanism for easy access and has two secure locks. The AL-KO ATC Anti-Snaking Device and shock absorbers make each model a joy to tow.

The new 'Cavani' soft furnishings and luxury pile carpet provide a very homely and comfortable feel. The kitchen has been restyled with a new glossy cream splash back, stylish new black tap, new black panelled Dometic electronic fridge and restyled Aspire separate grill and 42L oven.

In the washroom you will find new chrome finish bathroom fittings and a stunning new wet central heating radiator which has been added to the end washrooms. Highlights for 2014 also include a new security alarm and Alde user-friendly touch control panel.

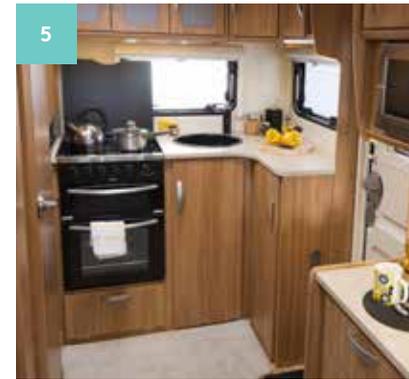

The Stellar & Lexon Collection

The Stellar delivers an unmatched level of spaciousness in an industry leading wide body, yet compact length. This well-loved model has a generous living space, practical L-shaped kitchen and offside bathroom with high quality features that include a fully-lined shower unit.

The Lexon range is perfect for those who want to be spoiled with opulent furnishings and generous space. For 2014, we have introduced the 2 berth Lexon 470. This model has been designed with a roomy lounge, a high-specification kitchen and a large end washroom which also provides ample storage via two wardrobes.

- 1 Lexon 640 – Very spacious fixed single bed layout and a large capacity fridge/freezer
- 2 Mirrored vanity area, large domestic shower and Eco Camel shower head
- 3 New cream gloss splash back, new black tap, restyled Dometic fridge and restyled Aspire oven/grill with 4 burner hob

- 4 New Alde domestic styled radiator and Thetford swivel toilet
- 5 Stellar – Compact layout with plentiful storage
- 6 Lexon 640 – a spacious twin axle with an MTPLM of only 1640kg

Stellar & Lexon additional features and layouts

- NEW** Security alarm with PIR and tilt sensors
- NEW** Alde touch screen control panel
- NEW** Stylish side windows
- NEW** Exterior graphics and colours
- NEW** Luxury pile stain-free heavy duty carpet in 'Stone'
- NEW** Soft furnishings scheme in 'Cavani'
- NEW** Contemporary wet central heating bathroom radiator (end washroom models)
- NEW** Black panelled 180L large capacity fridge / freezer With LED display (Twin axle models only)
- Alde hydronic wet central heating system
- AL-KO ATC trailer control system Standard on all models
- Shock absorbers to all models
- Heavy duty corner steadies all around
- Large, easy access front gas locker
- Domestic style framed kitchen
- Locker door with perspex infill
- Large locker doors in 'Chestnut' with chrome banding

The Clubman & Delta Collection

1

Our Clubman/Delta range instils indulgent luxury at the heart of your holiday. Evolved with Core®, these 5 single-axle and 2 twin-axle models quietly rewrite the rules of luxury touring.

The exterior is distinctively Lunar, with contemporary flowing lines. The stunning curved front panel, full height back panel and the one-piece aluminium side panel give the exterior an exceptionally sleek look. While the extra touches like chrome grab handles, LED courtesy lights and elegant new decal design gives this range the stamp of the Lunar marque.

Also unmistakably Lunar, the Clubman/Delta interior indulges the senses, with every luxury accounted for. The 'Lagonda' soft furnishings and 'Chartreuse' luxury pile carpet provide a homely feel, while the warm Chestnut finish wood, new LED double lit spot lights and elegant cabinetry blend together seamlessly. Highlights for this year also include chrome finish ceiling lights and chrome finish furniture handles. There is an emphasis on space throughout, from the large easy-access storage lockers to the spacious washrooms – while cutting edge features like the LED mood lighting, ceramic lined toilet and mirrored vanity area offer real home comfort.

5

The kitchen area is contemporary and elegant with new glossy cream splash back, new chrome finish tap, black enamelled sink and beautifully crafted kitchen locker doors with frosted infills. There is also a restyled black panelled Dometic electronic fridge and restyled Aspire separate grill and 42L oven. For the new season we have also added a work-top extension to each model's kitchen, ensuring there is more valuable space as you cook or entertain.

- Slide out chrome baskets to kitchen base units
- Dometic ceramic lined toilet with LED indicators for toilet and flush tank
- Wastemaster water carrier (Delta only)

Touring For Over 40 Years

The Lunar story reflects 44 years of passion and pride for building caravans that are undoubtedly the best in lightweight luxury touring.

From humble beginnings, co-founders Brian Talbot and Ken Wilcock, named their caravan manufacturing business Lunar, following inspiration from the 1969 mission to land on the moon. They knew their caravans were exceptional but couldn't have imagined the size that Lunar has become today. From the flagship Clubman to the legendary little Ariva, through the years the Lunar ethos has remained constant: build lightweight high quality caravans with luxurious interiors. Protecting our heritage and our future has always been paramount. When the company was sold to a European manufacturer in the 1990's it was a milestone when a management buyout, led by Chairman and CEO, Brian Mellor, was finalised in 2007.

Since the buyout, the innovation applied to both our caravans and our manufacturing has gone from strength to strength. We have made

investments in a wide range of new manufacturing equipment and new design software technology. These advancements have become our trademark, setting our caravan collection apart from our rivals. In March 2011, we were reunited with one of our very first models, a Lunar Saturn, that had toured with a family from Lancashire for over 40 years. This compact two berth was one of the first models we built. The family took delight in touring with this caravan all over the UK from 1969 right through to 2010.

Following a difficult decision in 2011 to finally retire from touring, the family contacted us to see if we could provide a final home for their Saturn which had become a real part of the family. We were absolutely thrilled with this opportunity as the Saturn signifies a Lunar heritage dedicated to quality and craftsmanship. We are extremely proud of our heritage and it is the drive behind our lightweight luxury innovations for the future.

Owners Club

When you choose Lunar you have a great, exclusive opportunity to join the growing band of enthusiasts that enjoy all the special benefits of being a Lunar Owners Club member.

As an Owners Club member you will receive regular information-packed newsletters with all the latest news on forthcoming events, letters from fellow members and the inside track on the new developments from Lunar Caravans themselves. Every member is welcome at the Club's numerous exclusive rallies across the UK, you'll meet a host of new friends who share a common interest in enjoying caravanning in a Lunar. These seasoned enthusiasts can also offer a wealth of knowledge and expertise to help you enjoy lightweight touring at its very best.

For further information and details on how to join please visit www.lunarrownersclub.net

Industry Partners

We work in close partnership with all of our suppliers to ensure that our caravans are fitted with only the best quality and lightest weight components.

The Ultimate Exterior and Interior Protection for your Caravan

Ensuring your cherished Lunar Caravan will look best on site

Would you like to keep your caravan in showroom condition?

Glamour Shield are the UK's official provider of Supagard™ paint and fabric protection solutions to the leisure vehicle industry and the only provider recommended by Lunar.

Supagard™ professional paint sealant has been professionally applied to vehicles for over 20 years and is guaranteed to protect your caravan exterior from acid rain, UV rays, atmospheric pollutants, road salt and other causes of exterior fading and degradation.

Supagard™ InteriorGuard prevents spills of coffee, soft drinks, juices and other liquids from permanently staining your fabrics and carpets, protecting your interior against those occasional mishaps.

To protect your investment and keep your caravan looking as good as new, call us today on **0800 6127825** or visit www.glamourshield.com.

Warranty

Lunar Caravans are supplied with:

- A 6 year body shell integrity warranty
 - A 3 year manufacturers backed warranty (specific exclusions apply).
- (Subject to an annual service and inspection and excluding items subject to normal wear and tear).

Each Lunar model has been certified by the NATIONAL CARAVAN COUNCIL for compliance with stringent European Standards, British Standards and the industry set Codes of Practice that specifically relate to health and safety issues.

The approvals process covers the testing and inspection of all critical areas of the product from fire safety, weights and dimensions through to gas, electrics and ventilation. Every caravan carries the 'NCC Approved Caravan' badge that gives you the peace of mind in the knowledge that your caravan is both fully legal and safe.
