

HYMERCAR

Boundless freedom with the 2017 HYMERCAR models.

EHYMERCAR

Erwin Hymer

(* 27 July 1930 † 11 April 2013), a leading figure of the European caravan and motorhome sector.

The Pioneer

Inventor, visionary, entrepreneur – Erwin Hymer wrote camping history by turning his group of companies into the European market leader.

Technical know-how, the pioneering spirit of the entrepreneur and a healthy dose of ambition and hard work – all of these were typical of Erwin Hymer. From small beginnings, the company founder, who passed away in April 2013, created a group of companies which now ranks among the leading motorhome and caravan manufacturers in Europe and is active worldwide.

As a young engineer, Erwin Hymer followed his parents' calling and began working in his father Alfons' repair shop in the southern German town of Bad Waldsee in 1956. Just one year later, he developed the first caravan – the original "Troll" – in collaboration with the engineer Erich Bachem. And thus began a new era! The next decisive step came in 1971 with the launch of the first HYMER motorhome – a key milestone in our long corporate history!

A wide variety of series, models and layouts has been built over a period of nearly 60 years. Many of the motorhomes and caravans set standards and ushered in new trends – especially in terms of technology, comfort and design, as well as quality

and safety. For our founder Erwin Hymer, incorporating customers' wishes into the development of new and improved vehicles was always a matter of principle. For decades, Erwin Hymer's inventiveness and ceaseless creativity has shaped the entire industry. His whole life's work provides us with a model for future corporate decisions.

As a result, the concept of motorhoming has always been inseparably linked with the name HYMER. The passion and professionalism that goes into the development and construction of our vehicles communicates itself to our customers. We at HYMER are not only proud of almost 60 years of company history, but also of our employees, who devote their energies and ideas on a daily basis to making "travel in the original" possible.

Bad Waldsee

History

HYMER opens up a new dimension in mobile holidays with the development of the “Caravano” in 1961. This panel van was to lay the foundations both for the company and the category of compact leisure vehicles. Thanks to its easy manoeuvrability, compact outer dimensions and seating arrangement, the camper is suitable not just for holidays, but also for weekend trips or everyday use as a second car – and that goes especially for the compact models of the HYMERCAR range. Our potted history charts the key stages of this success story from the early days through its fascinating evolution.

1923

Alfons Hymer begins production of agricultural vehicles.

1957

Erich Bachem (“ERIBA”) and Erwin Hymer build the original “Troll”, the first caravan.

1961

HYMER evolves from a craft enterprise into an industrial manufacturer. The first hand-built HYMER motorhome, the Caravano, makes its debut.

1975

The two camper vans 500 and 501 on a Mercedes L 206 D/L 207 base – with caravan-style pop-top roof – usher in a new product category.

1980

The Bedford Blitz-based Hymer T-Class with lifting roof offers an extra berth thanks to folding bucket seats in the back.

1982

From now on, the camper vans are known as HYMERCARS. The angular HYMERCAR 1 based on the Ford Transit has a strong visual resemblance to American vans.

1983

The semi-integrated Eribacar is a cross between the Renault Trafic transporter and the caravan body of the Touring range.

1985

The new Fiat Ducato-based HYMERCAR 2 is notable for its practical layout with separable washroom and toilet.

The Fiat Ducato-based HYMERCAR 3 is also launched at the same time, featuring a stylish high roof, distinctive longitudinal seats and an extra bed.

1989

The HYMERCAR Van and Family are launched on the market simultaneously, introducing the distinctive corrugated high roof and new floor plan.

1992

HYMER gives its HYMERCAR fleet a makeover, introducing a new duo: the Magic (left) boasts a bathroom, while the Fantasy is notable for its storage space.

1993

Small is beautiful: the less than four-metre-long HYMER Van based on the tiny Fiat Talento is the ideal camper for couples.

1994

The HYMERCAR Fantasy goes out of production; only the Magic remains – and is promptly voted “Motorhome of the Year”.

2008

It’s the details that count in the relaunched HYMERCAR range, with angled furniture and a folding table providing more freedom of movement.

2011

The new improved model range sets new standards in terms of comfort and spaciousness, featuring a separate washroom with shower and toilet.

2014

The Sydney Drive and Serengeti models boast flexible interior designs and individually organised stowage space.

2015

The ultra-compact HYMERCAR Ayers Rock comes with a comprehensive equipment package and accommodates up to four people.

2016

HYMER wins the “European Innovation Award” with its innovative concept study based on the Mercedes-Benz V-Class.

2016

The first HYMERCAR based on the Mercedes-Benz Sprinter: the Grand Canyon S with car-like vehicle handling.

Why HYMERCAR?

The compact HYMERCAR panel vans are perfect all-rounders – great for everyday use, weekend get-aways or the annual family holiday.

Individual, multifaceted, unique – the HYMERCAR models offer infinite flexibility, making them suitable for everyday city traffic and cross-country tours alike. They are ideal vehicles for driving, sleeping in and transporting all kinds of things – the perfect second car for young couples and families! All these qualities count when you're buying a panel van. After all, it's an investment you expect to benefit from for many years to come, and which therefore needs to be economically sound. The HYMERCAR helps you get the most out of life and enjoy your holidays to the full, giving you a feeling of freedom and independence. What's more, you are guaranteed a high-quality vehicle with a top standard of comfort and a generous feeling of space.

With the Fiat Ducato and Mercedes-Benz Sprinter, HYMER has chosen two long-established brands as its base vehicles. All HYMERCAR models are winterproof and equipped with a wide range of safety features as standard.

What's more, we now offer a specific driving safety training throughout Germany that's available to all.

So when it comes to choosing a van, you need look no further than the premium manufacturer HYMER!

HYMERCAR Grand Canyon S & HYMERCAR Grand Canyon

HYMERCAR and FIAT

The HYMERCAR model range comes in two product lines, one with fully glazed windows and no bathroom, the other with aluminium-framed windows plus bathroom.

The bathroomless model, the HYMERCAR Sydney, is characterised by a flexible seating concept comprising 3, 4 or 5 seats. They also have extra storage capacity thanks to removable furniture. And a portable toilet gives you even greater independence on your travels. With its car-like dimensions and intelligent storage space concept, the HYMERCAR Sydney therefore makes an ideal multifunctional vehicle for the whole family.

The models with bathroom on the other hand have a 4-seater layout. They are equipped with a comfortable compact bathroom with folding washbasin and fixed toilet. A further advantage is the unique pop-top solution which turns them into proper 4-berth models.

Contributing to the high level of comfort in the HYMERCAR van are the sleeping comfort system of all the beds and the sound-absorbing, fabric-lined wall and ceiling coverings.

Highlights of the Ducato-based HYMERCAR

Standard driving safety
The excellent driving comfort of a Fiat Ducato-based HYMERCAR is complemented by an extremely comprehensive standard safety package, featuring driver and passenger airbags, ABS, TCS und ESC incl. Traction+. Added safety and convenience is provided by electrically adjustable heated wing mirrors, a daytime running light, hill start assist and hill descent control. With its low average consumption, the 96 kW / 130 hp Fiat Multijet II engine is the epitome of sustained, fuel-efficient driving pleasure. The nippy and robust 4-cylinder turbo-diesel engine complies with the Euro 6 and EEV exhaust emissions standards.

HYMERCAR Sydney

Further standard highlights
90-l fuel tank, full wheel trims, manual air conditioning with pollen filter, driver and passenger airbags, cruise control, immobiliser, Electronic Stability Control (ESC) with brake assist, load adaptive control (LAC), engine drag torque control (MSR) and hill start assist, electric windows, extra-wide opening rear door, electric step, four engine variants with 115, 130, 150 and 180 hp ratings (optional in some models)

The lane departure warning system (LDWS) emits an acoustic signal alerting the driver if the vehicle strays outside the lane.

The Traffic Sign Recognition (TSR) system alerts the driver to road signs via an on-board display.

The captain chair-style cab seats with integrated headrests offer maximum comfort and can be rotated by 180°.

The exclusive and elegantly designed tablet and smartphone holder keeps devices of various shapes and sizes secure.

The automatic Comfort-Matic transmission ensures maximum convenience, better fuel efficiency and lower emissions.

The automatic front air conditioning system in the centre console of the dashboard maintains a pleasant interior climate while driving.

The radio and other connected devices can be conveniently operated via the adjustable multi-functional steering wheel.

A lockable, centrally positioned second glove compartment is installed as standard, and can be replaced by a cup holder on request.

Living comfort

The bathroomless HYMERCAR Sydney is a true all-rounder ideal for camping holidays, weekend getaways or simply getting around town. The versatile seating concept makes it a multifunctional vehicle for the whole family, and an ideal second car.

The pleated blinds supplied as standard ensure a restful night's sleep, or an undisturbed afternoon nap to recover from the journey.

As an adaptable 5-seater version with driver and passenger seat, double bench seat and removable fifth seat, the HYMERCAR Sydney offers first-class seating comfort whether on the move or at rest.

The standard version of the HYMERCAR Sydney is a 3-seater with bucket seat including armrests.

Generous interior for cosy get-togethers: the Sydney with 2.65 metre headroom and size-adjustable table.

Kitchen comfort

A paradise for the mobile master chef.

The modern kitchen range offers plenty of space for cooking and washing up. The extra-deep drawers with high-quality self-closing mechanisms allow convenient storage and easy access to cooking equipment such as pans and crockery.

There's plenty of easily accessible stowage space above the kitchen for seasonings and other ingredients.

Two 230V and two 12V sockets provide plenty of power for your appliances.

The kitchen is fully equipped with a sink unit, an integrated 2-burner gas hob and a standard 65-litre compressor refrigerator in the opposite cabinet.

Sleeping comfort

Superior sleeping comfort paired with optimal space utilisation.

The pop-top roof with integrated bed including sleeping comfort system lets you create a separate bedroom. This area can be reached via a ladder and can be closed off to separate the two areas visually.

By simply fitting a support bracket over the folded-down table, you can create a longitudinal bed with a length of 2.4 metres. That way even people over two metres tall can sleep comfortably in the HYMERCAR.

The roof insulation makes the pop-top a winter-proof sleeping and play area.

Convenient storage

Room for all your essential gear.

Integrated, high-strength aluminium lashing rails with adjustable eyelets allow safe transportation of your belongings.

For extra stowage space, optionally available bags can be fixed to the carcase in place of the removable rear bed.

Inside the integrated floor-mounted pedestal is an additional 17-litre stowage compartment with folding lid.

The Sydney has a bed carcase with an integrated 65-litre compressor refrigerator. Customers preferring more storage space can choose a removable carcase with an optional 46-litre compressor coolbox instead.

Living comfort

All HYMERCAR models with bathroom are ideal for short breaks and longer holidays alike. The comfortable 4-seaters have enough stowage space to keep you well supplied even if you're planning to stay away for over a week, making them ideal long-term companions.

Prepared for anything – thanks to a generous rear bed, superlative comfort and intelligent interior design solutions, the Grand Canyon takes freedom and flexibility to a whole new level. Not just on holiday trips, but for everyday use too.

The generously designed seating area allows plenty of legroom. The folding table in the side wall can be readily adjusted to make the tabletop area larger or smaller. It can also be folded back completely against the wall as required.

The LED strip lights are dimmable, can be adjusted at the press of a finger, and are equipped with a memory function.

The mid-height refrigerator helps maintain the generous feeling of space and creates a further storage surface.

Kitchen comfort

A recipe for delicious home-cooked meals on the move.

A kitchen counter extension can be fitted to the cabinet to provide extra work space.

The extra-deep double drawers are equipped with high-quality self-closing mechanisms and a large, two-tiered cutlery tray.

Modern compressor refrigerators ensure effective cooling however hot it is outside.

The kitchen is fully equipped with a sink unit, an integrated 2-burner gas hob and a 90-litre compressor refrigerator (or 65-litre in the Ayers Rock and Yosemite models). Extra-deep drawers and generous overhead lockers make pottering in the kitchen a whole lot easier.

Sleeping comfort

A cosy night's sleep to suit individual needs.

The central part of the bed can be folded up and fixed in place with safety straps. This leaves a wide gangway suitable for through-loading even bulky objects, while the bedding is neatly concealed behind the raised bed section.

The pop-top roof with integrated bed including sleeping comfort system lets you create a separate bedroom. This area can be reached via a ladder and can be closed off to separate the two areas visually.

The modern sleeping comfort system of the rear bed with comfy cold foam mattresses and attractive fabric-lined wall coverings offers perfect peace and quiet with a touch of luxury.

Bathroom comfort

Sheer relaxation in a luxurious setting.

The washroom is multifunctional, allowing you to turn the compact bathroom into a wardrobe in an instant.

The bathroom cabinet is handy for storing cosmetics and bathroom accessories and has an extra socket for hairdryers or shavers.

The compact bathroom is equipped with a large, stylish folding washbasin in superior-quality solid surface material. The tambour door takes up no room even when open, thus leaving the gangway clear.

HYMERCAR and Mercedes-Benz

With the new Grand Canyon S, the first HYMERCAR on a Mercedes-Benz chassis, you'll soon be hooked on those impromptu getaways! The fabulous vehicle dynamics and superb driver assistance systems leave you free to enjoy your trip to the full. And with the intelligent interior organisation, optimised noise and heat insulation, and not least the exclusive 90-litre tall refrigerator, you have everything on board you need for that little big adventure!

Highlights of the Sprinter-based HYMERCAR

The Mercedes-Benz Sprinter-based HYMERCAR Grand Canyon S comes with an extensive safety package as standard. The electronic stability control package includes an anti-lock braking system (ABS), traction control system (TCS), electronic brake force distribution (EBD) and hydraulic brake assist system (BAS). Also included are the latest generation of the adaptive electronic stability program (ESP), load adaptive control (LACS), roll-over mitigation and roll movement intervention (ROM/RMI), enhanced understeering control (EUC) and trailer stability assist (TSA). Even greater driving safety in wet and rainy conditions is ensured by the automatic brake disc wiping and electronic brake prefill systems.

HYMERCAR Grand Canyon S

Further standard highlights

Driver and passenger airbags, ESP with brake assist, hill start assist, adaptive brake light, cruise control, multifunctional steering wheel with trip computer, angle and height-adjustable steering wheel, electric

windows, comfort suspension (dynamic vibration absorber, stabilisers, shock absorbers), four engine variants with 115, 143, 163 and 190 hp ratings (optional in some models)

The optional blind spot assist alerts the driver to vehicles in their blind spot via visual and acoustic signals.

The standard crosswind assist helps keep the vehicle in lane in strong winds thanks to automatic braking interventions.

An optional on-demand four-wheel drive, greater traction, improved driving stability and the latest generation of ADAPTIVE ESP® means you can master major challenges however rough the weather and road conditions.

The fuel-optimised 7-speed automatic transmission 7G-TRONIC PLUS guarantees a smooth drive and is available as an option.

Optional bi-xenon headlights with LED daytime running light and indicator lights also ensure better illumination of the area directly to the side of the vehicle.

The sleek multifunctional steering wheel allows easy control of a range of vehicle functions.

The storage compartment with closing flap is ideal for keeping personal items safely out of sight.

Living comfort

The HYMERCAR Grand Canyon S is a versatile all-rounder, whether for weekends away or longer holiday trips. The modern furniture finish, smart fabric design and high-quality surfaces lend this lavishly appointed 4-seater an extra-special ambience.

Versatile: the large folding side table opens up to provide an ample surface. What's more, it can be partially collapsed or folded away completely as required, so you don't have to store it separately while on the move.

State-of-the-art Truma Combi 6 diesel heater with LCD display and TV cabling both optionally available.

The generously dimensioned seating area in the HYMERCAR Grand Canyon S offers plenty of leg-room for several people.

Kitchen comfort

Unique kitchen versatility combined with elegance and functionality.

The large compressor refrigerator with integrated freezer compartment has a capacity of 90 litres.

The extra-deep drawers with high-quality self-closing mechanism are great for storing pans and crockery, for example.

The partitioned cutlery drawer keeps all your cutlery and kitchen utensils neat and tidy. A kitchen counter extension can be fitted to the cabinet to provide extra work space.

The compact kitchen unit in the HYMERCAR Grand Canyon S gives you all the space you need to prepare perfect meals – including more ambitious creations. The hooks on the side of the kitchen cabinets are ideal for keeping tea towels handy.

Sleeping comfort

Just like your own bed at home!

All HYMERCAR models are equipped as standard with the comfort sleeping system, consisting of high-quality disc spring bed frames and cold foam mattresses. Thanks to the extra body width, the HYMERCAR Grand Canyon S has a particularly generous interior allowing for a large reclining surface of 195 × 140 cm.

The modern sleeping comfort system of the rear bed with comfy cold foam mattresses offers perfect peace and quiet with a touch of luxury.

The central part of the rear bed can be simply folded up out of the way – without having to tidy away the bedding.

Bathroom comfort

Exclusive bathroom culture for discerning customers.

The washbasin folds away conveniently for easier access to the bench toilet.

The shelf is equipped with practical elastic straps to keep all your bathroom accessories handy and secure.

The roomy compact bathroom is lavishly and practically equipped – with a folding designer washbasin in solid surface material plus a modern bench toilet complete with level indicator and toilet roll holder.

HYMERCAR Original Accessories

Discover the wide range of innovative solutions available in the categories interior, exterior, travel and transportation. With HYMER original accessories, you can rest assured you've made the right choice: a perfect fit, impeccable workmanship and original quality. HYMER original parts and accessories are not available direct from the factory, but are ordered and retrofitted exclusively via your HYMER dealer.

In addition to route-finding, the TomTom Bridge also comes with all the functions of a normal tablet plus many useful HYMER extras.

The HYMER brushed silver wing mirror covers will certainly make you and your vehicle stand out from the crowd.

The exclusive cycle rack system is mounted in a flash, without the need for conventional support rails.

Bikes can be securely attached to the interior cycle rack. The RadFazz support rail can be ordered separately.

Unique furniture protection mat for the left and right-hand side - with Velcro tape for easy removal.

The mosquito net provides effective protection against insects in the vehicle while at the same time providing unhindered air circulation.

The folding rear insulation including window cut-out keeps you warm in winter. Assembly is as for the mosquito net.

The 4-part sleeping roof insulation is fastened in place with Velcro. The front section can be opened for air circulation and to let in light.

The HYMERCAR child's bunk measures 150 x 70 cm and fits easily into the cab.

The cabin floor mat is made from high-quality polypropylene tufted velour with nubuck edging and bears the Original HYMERCAR brand mark.

Sports and leisure equipment can be stowed away neatly in the lockable aluminium multifunctional box.

The Atera rear-mounted cycle rack attached to the trailer hitch lets you open both rear doors even when loaded.

Surfboard, kayak or dinghy – anything you can't fit inside the vehicle can go on the roof rack.

The original HYMER fitted sheet is a perfect fit and, like the mattress topper, is available for all bed types.

The dashboard decor is sporty and made to measure. Available in a burl wood or silver finish.

The 3-part interior insulation for the cab seals tight to the window contours and can be fitted in no time.
