Side Fixed Lower Bunk				183cm x 57cm/ 6'0" x 1'10"		
Side Fixed Upper Bunk				183cm x 57cm/ 6'0" x 1'10"		

Weights: The masses are calculated in accordance to EU regulation 1230/2012 and NCC code of practice 304. The Mass in Running Order (MRO) comprises:

1. The mass of the empty caravan as supplied by Swift including loose items such as the hook-up cable, kit bag, entrance step, manuals etc
2. 10kg allowance for LPG

The MRO is calculated with the fresh water tank, toilet flush tank and water heater empty. If you travel with water in the fresh water tank, toilet flush tank and the water heater the payload will reduce accordingly.

The personal effects is based on the number of berths and the length of the caravan and includes an allowance of 20kg for a leisure battery. The Maximum Technical Laden Mass (MTPLM) is the maximum mass allowed when the caravan is fully laden.

WARNING: Under no circumstances should the MTPLM be exceeded.

Please Note: Any dealer fit options will reduce the overall payload available to the user of the caravan.

If you require additional payload it is possible to upgrade the MTPLM to the upper limit. Please contact your Swift caravan dealer for more information.

Bed Sizes: Please note that the front double bed sizes quoted are for seating configurations without a chest of drawers. The front double bed width for a layout with a chest of drawers fitted, will be reduced by 0.4m (1'4") from that stated.

Awning Sizes: Due to varying awning designs and sizes the awning sizes given are approximate only. Specific awning sizes must be confirmed by your dealer or awning manufacturer prior to purchase.

* The dimensions given are approximate due to slight variations in suspension ride heights, loading conditions and tyre pressures.

** Estimated weights and bed sizes

Customers should verify the actual dimensions of their touring caravan before committing to anything that could be impacted by these dimensions.

LED Road Lights: Certain vehicles may require a secondary fuse box when towing models fitted with LED road lighting.

For even greater peace of mind you can subscribe to the newly incorporated Thatcham Category 6 approved pro-active tracker to add extra security to your vehicle.
