2018 COLLECTION

The comfort of a true motorhome

With 55 years experience in the development of motorhomes, RAPIDO puts all its expertise in this VAN. This campervan's interior walls in the living room and bedroom are moulded to the bodywork's shape to optimise the interior space. The result is both comfortable and functional: a perfectly calculated circulation space and an optimal layout.

You will find all the charm of Rapido's looks in the Van range. Choose between two furniture styles: Elegance for a warm, sophisticated look and Castello for a glossy, modern style.

RAPIDO style & comfort

The Rapido Van combines elegance and manoeuvrability. With its automotive-style, its fluid lines and powerful engine, it blends perfectly with the urban traffic and goes everywhere. Performance, safety and equipment: the RAPIDO VAN spares no detail.

The automotive technology used in our VAN range includes: driver side airbags, ABS braking, etc. Succumb to the charm of great city and country handling.

#1

A WARM **ATMOSPHERE**

At RAPIDO our reputation is founded on the unparalleled warm atmosphere created with our unique furniture, due to RAPIDO listening closely and paying attention to its customers:

- Style created by a designer, in keeping with RAPIDO's look
- Cleverly designed LED lights, enhancing your interior
- Manufacturing quality worthy of our initial trade as cabinet makers
- Factory in Mayenne with integrated carpentry

#5

UNPARALLELED **COMFORT**

RAPIDO VANS have numerous benefits in this area. From the quality of the beds, to driving in comfort, to the gentle warmth of the heating, you'll never want to leave your RAPIDO:

- Seating: unmatched comfort
- Bedding: just like at home
- High performance heating system: promotes well-being

#2

QUALITY CONSTRUCTION

The utmost care is taken when building and assembling our VANS. Every material is meticulously selected in order to offer you the best leisure vehicle:

- Full XHP insulation for interior walls and ceilings
- Floor with Styrofoam 25mm insulation and polyester underfloor
- Window sealing ensured through use of polyurethane

#3

CONSTANT QUALITY CONTROL

Quality is a central focus for all of our employees. Our motto is to produce the best vehicle:

- Test on track and on road
- Test in cold room
- Quality control on the production line

Now you can find out yourself the reasons they place their trust in RAPIDO...

(a): Traction+ : On mud, snow, sand and grass, it removes drive from the sliding wheel and redistributes it to one with better grip.

ESC (Electronic Stability Control) : Constantly controls the vehicle's handling (wheel movement and direction) and, if necessary, individually brakes wheels or reduces engine power to reduce speed. It includes the Hill Holder.

Hill Descent Control : Helps maintain the desired speed while descending without having to constantly use the brake.
