CARAVANS 2016

Inspiring adventures

Freedom to explore

In 2015 Adria reached a milestone – fifty years at the forefront of caravan and motorhome development. The first Adria caravan '375' rolled off the production line back in 1965, and in the 1980's, motorhomes were introduced. Fast forward to today and our range of caravans, motorhomes and van conversions are more popular than ever.

Fifty years of experience brings with it so many advantages – Adria's experience in design and the layouts offered, as well as our passion and commitment to offer the best products available.

All Adria vehicles are made at our state-of-the-art factory in the heart of Europe. Here, our skills and the best suppliers in the industry, come together to produce innovatively-designed vehicles of the highest quality, durability and reliability.

And on your adventures, it's always good to enjoy peace of mind. Our products are backed up with class-leading warranties, a dealer network of over 400 professional dealers and an efficient parts and aftersales service.

Why choose Adria?

Passion and experience really matter.

*Terms & Conditions apply, see website for details.

1 PASSION AND EXPERIENCE.

Adria has been designing and manufacturing recreational vehicles for over fifty years. This experience and the passion and skills of our workforce, really matter when designing and manufacturing your next vehicle.

2 AWARD-WINNING PRODUCTS.

Adria offers products in all categories of motorhome, caravan and van conversions and has a large choice of layouts. Adria products continue to win independent awards too, for design, innovation, quality and value for money.

3 INTELLIGENT DESIGN.

Adria practices intelligent design, which optimizes the use of technology, the best construction methods and materials. Innovatively-styled vehicles with contemporary interiors as well as unique Adria solutions like Smart kitchens and hotel-style ergonomic bathrooms.

4 STATE OF THE ART FACTORY.

Adria operates the most advanced production facilities in the industry, ISO 9001 & 14001 certified for quality and environmental standards. Here, world class manufacturing techniques and processes are operated, for designed-in and built-in quality.

5 QUALITY, RELIABILITY & DURABILITY.

Adria vehicles have a reputation for quality, reliability and durability using proven automotive manufacturing techniques. We make most of our own furniture and quality control the entire vehicle manufacturing process.

6 PEACE OF MIND.

Adria products come with a class-leading warranty. There's a professional dealer network of over 400 Adria dealers across Europe and beyond, backed up by a world-class parts supply and aftersales service.

Living in motion

Adria's philosophy of 'living in motion' is never better exemplified than in its support of cycling. We are proud to support the Adria-Mobil Cycling Team, promoting cycling as a healthy lifestyle and form of green mobility.

Primoz Roglic and the Adria Mobil Cycling Team, winners of the 22nd Tour of Slovenia, 2015.

Tina Maze, double World Champion and double Olympic Gold Medallist.

World-class Partners

One of the best skiers of all time, Tina Maze, from Slovenia. An extreme performance athlete with thirteen Olympic and World Championship medals, double World Champion 2015 and highest ever world cup points score 2012-13. Tina uses her Sonic Supreme to balance her training, studies and leisure time.

Extreme Performance

Every January since 2013 a fleet of Adria motorhomes, straight off the production line are taken on the Dakar Rally in South America by our partners Red Bull KTM Factory Racing. Each vehicle provides home comforts to the riders and team as they battle across 9,000kms of the toughest terrain on earth. This is the ultimate real-world durability test, won three times in a row.

Marc Coma, 2015 Dakar Rally winner. His fifth personal win, KTM's fourteenth.

Jakov Fak, World Champion and Olympic medallist biathlete.

World-class Performance

Olympians Tina Maze and fellow snow athlete, Jakov Fak are both world-class performers who push themselves to the limit. Jakov Fak, biathlete, two times World Champion and an Olympic bronze medal winner, uses his Sonic Supreme everyday to support his lifestyle, training and competing at the highest level.

Designed for living

Details matter

In designing a caravan, details matter and every centimetre counts. The science of layouts and construction, so that everything is in the right place, is learned over decades and Adria brings this experience to every vehicle.

Only Adria offers innovative solutions such as our Smart kitchens, hotel-style 'Ergo' bathrooms, a wide selection of sleeping solutions, optimized and flexible storage and our unique panoramic windows.

Details really matter, from the contemporary interior design to where we locate the heating – all Adria caravans are 'designed for living'.

INTELLIGENT DESIGN

Intelligent design which optimizes the use of technology, the best construction methods, materials and innovative styling.

INTEGRATED

Our designs integrated form and function, with a completely integrated tent profile, chrome handles and a range of well-engineered window solutions, including the largest integrated panoramic windows available.

INTELLIGENT

Adria is a pioneer of intelligently designed exterior components, with multi-piece ABS plastic parts for looks and real world performance.

INNOVATIVE

Our ‘i-shaped’ exterior design means the best exterior profile for handling and airflow whilst moving with innovative front and rear walls.

CLIMATE CONTROL

HEATING

Adria caravans offer a choice of heating system, both are efficient and powerful, each with its own advantages.

Most Adria caravans are available with Truma heating. This is a popular, easy to use system, with warm air being distributed through a series of insulated pipes.

Models with fully integrated Alde heating use a heated liquid transferring the heat throughout the caravan integrated into the floor. These models offer optional Alde Smart Control, enabling heating control through your smart phone.

INSULATION

All Adria vehicles are built to ‘Thermo-build’ standards optimizing the use of insulation materials, heating design and Adria Air Flow System. This means Adria caravans are suitable for use all year round.

VENTILATION & COOLING

Adria caravans are designed to be comfortable too, with sophisticated air-flow management, good ventilation, windows with integrated sun-shading or tinting and opportunities to fit air-conditioning.
