

Upgrade to a Coachman

2015 Collection

Considered design

When you choose a new caravan from the Coachman Collection, it is only just the beginning of your journey.

Every model is created to inspire, assure and enjoy. It's this philosophy that lies behind everything we do.

We call it: considered design.

That means being committed to improve our range each and every year, and updating our models to include the latest advancements in design, materials and features.

That's why, whether you're new to the world of caravanning or a seasoned tourer, there's a 2015 Coachman that's perfect for you.

It's time to upgrade to a Coachman.

Built by Coachman

Quality craftsmanship and technology ensure that Coachman provides a caravanning experience like no other.

The new range is more confident, more dynamic and filled with some of our brightest ideas yet.

2015 sees the re-modelling of the Pastiche, a transformational development that includes a distinct, seamless and aerodynamic form, with bold lines and softer edges and a more progressive tone.

Crafted with advanced PU materials, weight-saving construction methods and the latest bonding techniques, the Pastiche is lighter, stronger and bolder without ever compromising on its trademark classic quality.

Our multi-award winning Vision, VIP and Lasers are back for 2015, with enhanced specification and a host of additional interior and exterior features, such as the new Alde heating system in the VIP range.

With more functional and luxurious details than ever before, you'll wonder why all caravans are not made this way.

Put simply, these are caravans to truly enjoy.

Quality guaranteed

At Coachman, our quality promise extends beyond the factory floor. We want to ensure you always get the best service possible.

We understand that you want a caravan that will continue to function perfectly and look fantastic after years of service, and when it comes to quality and reliability, Coachman has been leading the way for years.

All Coachman models are hand-crafted at our advanced facility to ensure that every caravan we produce meets the exacting standards we've built our reputation on.

Nothing is left to chance, and we take the utmost care and attention in everything we do, from the advanced materials used in construction, to the rigorous testing process we put all of our caravans through.

Our 10 year water ingress policy is a reflection of this.

Although we're constantly looking for ways to improve our ranges some things will never change, and you can always rely on our constant commitment to quality.

 **VISION**

The clear winner

The result of many years of development, the Vision range encapsulates our continuing quest to create something that is the perfect family caravan... and much more.

Spacious, comfortable, and practical, it provides advanced features and contemporary styling that are unmistakably Coachman whilst remaining surprisingly affordable.

Meticulously designed, the Vision caravans feature a sleek, aerodynamic style, with advanced materials and a unique bonded construction that makes them both durable and lightweight.

Step inside, and you'll see there has been no compromise on the trademark Coachman quality. You'll find sumptuous furnishings, attractive wooden interiors, quality finishes and all the features you'd expect from a high-end tourer.

When you come back from a hard day's holidaying, you'll find the Vision has everything you need to make the most of your leisure time.

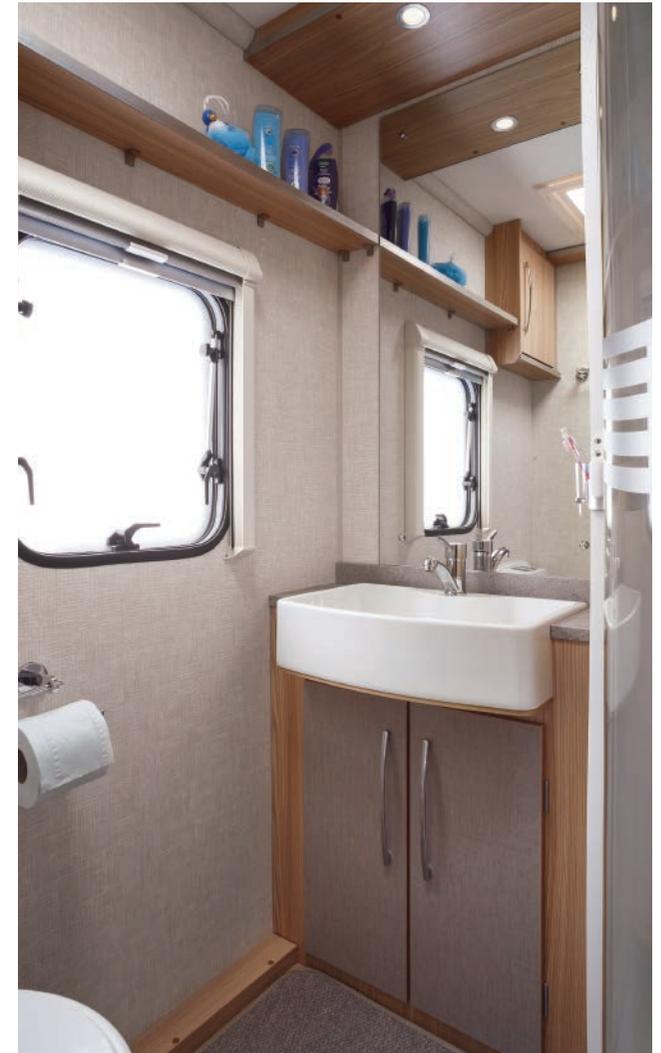

Light, bright and airy, the Vision makes fantastic use of space, whilst providing innovative storage solutions and a range of 8 layouts that means there's a model to suit all parties!

Although the Vision is our most affordable range, it's every inch a Coachman. From the high-end materials, appliances and fittings found in the ergonomically designed kitchens and washrooms, to the beautiful soft furnishings and stylish interior finish, it is a quality caravan.

This is our vision of a caravan that is perfect for family trips away whilst providing something for everyone.

This brochure has been designed to provide you with basic information prior to making a purchase decision. Please refer to your dealer for additional information before you buy. Coachman Caravan Company Limited reserves the right to alter technical specifications, prices and model ranges as materials and conditions demand and can accept no responsibility for discrepancies between these and subsequent models. Household items illustrated in the brochure have been used to enhance photography and are not supplied with the caravan. Limitations in the printing process may mean colours are not truly represented.

It should be noted that distributors and dealers are not the agents of Coachman Caravan Company Limited and therefore are not authorised to bind the Company by any specific or implied undertaking or representation.

All Coachman models have been certified by the National Caravan Council for compliance with stringent European Standards, British Legislation and industry set Codes of Practice, specifically relating to health and safety issues. The approval process covers the testing and inspection of critical areas of the product from fire safety, weights and dimensions to gas, electrics and ventilation. Every Coachman caravan carries the "NCC Approved Caravan" badge. The NCC also conducts unannounced inspections at the Coachman factory to ensure continued compliance. NCC Approval gives you peace of mind that your caravan is legal and safe.

As the owner of a Coachman caravan, you will be automatically entitled to join our Owners' Club. For more information about the Club, please contact: The Membership Officer, Coachman Owners' Club, 49 Regency Gardens, Yardley Wood, Birmingham B14 4JS. Or visit their website: www.coachmanclub.co.uk

Please note: Touring caravans are designated by the model year. The model year runs from the 1st September to the 31st August: for example a 2015 year model would have been despatched by the manufacturer no earlier than the 15th August, 2014.
