STRONG LIGHT & DRY

TECHNOLOGY PARTNERS

The most advanced technology used
in touring caravan engineering.

The first and only fully-bonded construction system for touring caravans. SoLiD Construction uses a chemical bonding process which is used in Formula 1, aircraft and marine construction.

THE ADVANTAGES OF

STRONG – Solid Construction means our caravans offer industry leading integrity and rigidity.

LIGHT – Fully bonded construction enables lighter vehicles which improves fuel consumption.

DRY – Waterproof joints and 95% fewer exterior screws create an impenetrable water barrier.
