Pennine Outdoor Leisure is well known as the UK's leading manufacturer of Folding Campers.

'Made in England' under the Pennine and Conway brand names, our attractive range of products have been subject to ongoing development and improvement over many years.

Whether in 4 or 6 berth guise, Folding Campers offer masses of well equipped living space and all complimented by permanently made up beds. Our tried and tested designs represent excellent value for money.

With maximum gross weights starting at only 750kg up to 1000kg our campers are suited to a wide range of supermini and family sized towing vehicles. All folding campers are highly manoeuvrable and are more economical to tow and store than 'conventional' leisure vehicles.

Why not try something different? Take a look at what a stylish and comfortable Folding Camper has to offer, you definitely won't be disappointed!
