SMART PLUS

ENHANCED INTELLIGENT CARAVAN CONSTRUCTION

As the UK's leading leisure vehicle manufacturer, the Swift Group undertakes what is probably the most extensive research and testing program in the industry and we are constantly looking at new and better ways to construct our products. SMART is the basis of our intelligent construction system that is used across our entire touring caravan range.

Enhanced for the new season, SMART Plus takes the proven technology which provides a Strong timber-less body frame with Modern desirable looks and a leading Aerodynamic shape that is highly Resilient to moisture, all wrapped up in a caravan that has undergone the most comprehensive Testing; and adds a new sandwich floor construction with a GRP outer skin providing greater durability from the elements. The roof has also been upgraded and is now hail resistant GRP.

Carefully developed, SMART construction was only introduced once we were satisfied that it was truly fit for purpose.

Computer numerically controlled (CNC) cutting is used in the manufacturing process to provide accuracy and consistency time after time, to produce a high quality engineered product designed to give you a lifetime of SMILES.

NEW HAIL RESISTANT GRP ROOF

Woven GRP outer surface provides greater durability from the elements.

STRONG

The Strong timberless body frame uses 'PURE', a tough, hard polyurethane based product, that is totally impervious to water and has been proven through use.

RESILIENT

All fixings are made into the 'PURE' material to a pre-defined depth. 'PURE' is totally impervious to water and has no veins. This means there is no passage for water from the outer skin to the inner wallboard, making the caravan highly Resilient to moisture.

MODERN

The SMART construction system uses Modern materials and has been developed to ensure the exterior profiles maintain the Modern desirable looks our caravans are renowned for.

TESTED

Extensive safety and durability Testing at the Millbrook track, and cold chamber Testing down to minus 15°C and beyond puts prototypes through conditions most products will never have to experience in a lifetime; all part of the Swift ethos to deliver the best products to you.

AERODYNAMIC

We continue to lead the way in Aerodynamics using Computational Fluid Dynamics to help shape the bodyshell for better fuel consumption and safer towing.

NEW FLOOR CONSTRUCTION

New 'sandwich' floor construction with ply upper, high rigidity Styrofoam core and GRP outer skin to provide greater durability from the elements.

NEW FRONT PANEL CONSTRUCTION

New front panel made with full GRP and foam construction gives a flatter and stiffer surface for the front gas locker door and windows to fix to.

SMART Plus features on the Sprite Freedom and Sprite range

SPRITE FREEDOM

Making the entry into a new caravan more affordable and ideal for first time buyers, the new Sprite Freedom range offers three popular six berth family models with all the essentials you need to get away.

Built to the same high standards as Swift Group's more expensive ranges, under the skin is enhanced SMART Plus construction.

Sprite Freedom carries the Sprite ethos at heart, it's practical, lightweight and affordable with great style.

If your family enjoys camping but are looking for a more substantial, comfortable and warm home from home or you simply want an affordable new caravan, the Sprite Freedom could be ideal for you.

Although entry level, it's far from basic with firm favourite features like the Truma Combi-Boiler with fast and efficient heat up and the ultra-comfortable Duvalay Duvalite mattress on the fixed bed Freedom FB. Comfortable seating, well equipped kitchens and washrooms and family friendly layouts ensure everyone will be comfortable and well catered for.

SPRITE FREEDOM SPECIFICATION

Side Fixed Upper Bunk	183cm x 57cm / 6'0" x 1'10"	183cm x 57cm / 6'0" x 1'10"	

WEIGHTS: The method of calculating the Mass in Running Order (MRO) and user payload figures was changed in order to bring it in line with European Vehicle Directives.

Allowances for essential equipment (e.g. gas cylinders) previously allowed for in the user payload are now contained within the MRO. A provision for a leisure battery which used to be within the essential equipment payload has now been included within the personal effects payload allowance.

Although the method of calculation has changed, the overall effect is that the amount of payload available to the customer has remained the same, it is just calculated in a different manner.

BED SIZES: Please note that the front double bed sizes quoted are for seating configurations without a chest of drawers. The front double bed width for a layout with a chest of drawers fitted, will be reduced by 0.4m (1'4") from that stated.

AWNING SIZES: Due to varying awning designs and sizes the awning sizes given are approximate only. Specific awning sizes must be confirmed by your dealer or awning manufacturer prior to purchase.

* The dimensions given are approximate due to slight variations in suspension ride heights, loading conditions and tyre pressures.

* Estimated

Customers should verify the actual dimensions of their touring caravan before committing to anything that could be impacted by these dimensions

SPRITE

Sprite is the UK's best selling caravan range. It has revolutionised entry-level caravanning and for 2016 has a more upmarket look and feel but still remains true to its roots.

With a wide range of layouts and options to tailor your model, you are sure to find a Sprite to match your budget.

Lightweight, affordable style remains at the heart of the Sprite range and this has made it the UK's best selling caravan range.

Manufactured by the Swift Group, Sprite models are built to the same high standards shared by Swift's more expensive ranges. Enhancements for the new season, include stylish new graphics and three opening front windows, all contributing to a more upmarket feel.

Inside new 'Elodie' soft furnishings feature warm grey woven seating fabric with complementary curtains in an abstract leaf design in shades of grey, lime green and charcoal. All interior lighting moves to low energy LED. A wide range of options include a panoramic sunroof and Diamond Pack, which are so competitively priced they are nearly always selected.

FEATURES

You can be reassured when you buy a Sprite Caravan that they come with the following market leading features.

SPRITE FREEDOM

Exterior

- European Whole Vehicle Type Approval ensures compliance with strict weight, dimension and safety regulations
- EN1645 Grade 3 classification for heating and thermal insulation
- Enhanced SMART Plus construction with Strong, moisture proof 'PURE' Polyurethane timberless framed body shell and 44mm 'sandwich' floor construction with GRP outer skin, ply upper and high rigidity Styrofoam core
- Hail resistant exterior GRP roof, fully bonded for extra strength and air fitness
- Fuel saving aerodynamic front in closed-mould GRP with wide front door
- Full height closed mould GRP rear panel
- Mud flaps
- Semi-recessed body colour awning rail both sides
- Blue exterior graphics scheme
- One-piece, 5000 Series marine grade aluminium sidewalls
- Higher tyre rating - a load margin is included in the tyre specification
- High security locks
- Overall body width 2.23m/7'4"
- AL-KO galvanised steel chassis with Euro-axle
- AL-KO overrun device
- 13-pin 'Jaeger' 12V car connector
- Bulkhead mounted regulator suitable for use with either propane or butane bottles
- Fully double-glazed opening windows
- One-piece exterior door with concealed hinges and interior moulded liner
- Exterior access battery box with mains electric inlet (battery not included)
- Entrance step
- 25mm 'sandwich' sidewalls with polystyrene insulation core
- 32mm 'sandwich' roof with polystyrene insulation core
- Fixing bars for rear mounted optional Thule Elite G2 two cycle rack
- Steel wheels and trims
- Steel spare wheel

Interior

- 1.95m (6'5") headroom
- 'Darwin' soft furnishing scheme
- 'Mali Acacia' woodgrain and contrasting furniture matches
- Front seat bases with spaceframe construction, full front access and space for larger items
- Dining table suitable for full-size place settings
- Positive overhead locker catches for secure loading
- Chrome sockets and switches
- Chrome effect kitchen and vanity taps
- Granite effect kitchen sink with removable extension drainer with dedicated storage
- Cutlery drawer on smooth-action steel runners
- Wire basket in kitchen cupboard
- Chrome finish crockery rack
- TV bracket with travel lock (Freedom FB)

- Seat and backrest ventilation boards (model specific)
- Exclusive Duvalay Duvalite mattress with lightweight memory fibre technology - hypoallergenic, excellent pressure relief, dustmite resistant and 100% recyclable (fixed bed models only)
- Beech slat seat and bed bases with sprung hinged tops for extra comfort and easy access
- Cassette flyscreens and blinds on all windows and door
- Multi-directional rooflights in kitchens and bedrooms
- Fixed beds with aluminium bed frames to maximise strength and storage space
- French Oak effect, high impact, scratch resistant floor lino
- Retained embroidered entrance mat
- Thick washroom doors with domestic style locks and handles
- Swivel spout taps for improved use

Equipment

- Dual fuel heating with Truma Combi 6 Boiler (1.8kW electric / 6kW gas / 5.8kW combined)
- User-friendly 12V control panel with battery selection, battery state meter and water pump circuit control
- Inboard semi-rigid fresh water pipes
- Large bore underslung rigid waste pipes
- High flow rate in-board pump with chrome finish taps for reliable, high performance water supply
- Ecomamel Orbit shower head with on/off button for a powerful shower that uses less water
- Fully protected mains electric system
- 25 amp switchmode charger/transformer
- Thetford 113L fridge with electronic ignition and LED controls
- Thetford C260 toilet with electric flush and 18 litre wheeled waste tank
- Thetford 3 burner mini grill
- Glass hob lid with safety cut-out feature
- Blown air ducted heating
- Gas regulator for Propane and Butane mounted on front bulkhead
- Isolation taps for gas appliances
- LED lighting for all interior lights including:
 - Adjustable spotlights in lounge
 - Ceiling and washroom lighting
- TV station with 230V, 12V and aerial sockets (TV aerial not included), input socket mounted in battery box
- 2nd TV point (Freedom 6TD only)
- Minimum of two 230V sockets
- 25 metre mains hook-up cable

Safety and Security

- Smoke alarm
- CRiS identity number etched to windows and caravan chassis
- Concealed security data chip within caravan construction
- Carbon monoxide detector

SPRITE

Additional/Upgrade to Sprite Freedom

EXCLUSIVE TO SWIFT GROUP

Duvalay Duvalite is an innovative mattress made with lightweight memory fibre technology. This hypoallergenic fibre remains as comfortable as memory foam but has many other benefits. Helping eliminate heat retention it gives superior temperature harmony, excellent pressure relief and is durable and resilient. It is resistant to dust-mite and is 100% recyclable. Being ultra light weight it also contributes to significant weight savings.

Swift Group Caravans (except Sprite Freedom) are fitted with the self-powered Thatcham approved TRACKER Retrieve system. This is one of the most effective tracking systems available, recognised by all police forces. Powered by its own battery, it is ideal while the caravan is in use or in storage. Activation of the system is via a specially negotiated annual subscription.

VALUE ADDED PARTNERSHIPS

The only Caravan Cover and Towing Protectors recommended by the Swift Group are made here in the UK by Specialised Covers. Each cover is tailored to your specific Swift Group model and is the premium protective storage or towing cover on the market. Made from the very best fabric, the storage cover is perfectly balanced between being waterproof and breathable, to help protect your new Sprite caravan. The Specialised Covers Tow Pro range are the only single piece construction, easy to use towing protectors on the market which will protect your caravan from stone chips and dirt during your journey.

New for this season, all Swift Group caravans are now fitted as standard with fixing bars on the rear panel designed to take an optional Thule rear mounted two cycle rack.

WHERE THE HEAD MEETS THE HEART

Your head says you need a caravan that's durable, functional, comfortable, safe and secure. Your heart wants great looks and a great choice. With Swift Group you can have the best of both worlds with the backing of a company established over 50 years.

SWIFT MADE TO MAKE YOU *Smile*

DURABILITY

- Unique SMART construction system
- Rigorous safety testing at Millbrook, cold chamber testing down to minus 15°C and beyond, put prototypes through conditions most products will never have to experience in a life time, all part of the Swift ethos to deliver the best product possible to you
- One piece 5000 Series marine grade aluminium side panels for good impact and corrosion resistance
- Assured build construction with a manufacturer backed, free 10 year bodyshell warranty standard on all caravans

FUNCTIONALITY

- Significant advancements in design and storage that optimise your living and sleeping space and comfort
- A host of money saving developments including improved fuel efficiency and use of low energy lighting
- Truma dual fuel heating and hot water for optimum performance
- Use of Computational Fluid Dynamics to help shape the bodyshell for better fuel consumption and safer towing

COMFORT

- Grade III classification of thermal insulation for all year round comfort
- Sprung beech slats for comfortable seating and sleeping
- Regency 100% bleach cleanable carpets designed to repel everyday spills, stains and dirt
- Exclusive Duvalay Duvalite mattresses on fixed beds
Duvalay Duvalite is an innovative mattress made with lightweight memory fibre technology. This hypoallergenic fibre remains as comfortable as memory foam but has many other benefits. Helping eliminate heat retention it gives superior temperature harmony, excellent pressure relief and is durable and resilient. It is resistant to dust-mite and is 100% recyclable. Being ultra light weight it also contributes to significant weight savings.

SAFETY AND SECURITY

- All Swift products are certified by the National Caravan Council to ensure they are both legal and safe
- All Swift caravans have European Whole Vehicle Type Approval to ensure compliance with strict weight, dimension and safety requirements
- Security including a Thatcham approved TRACKER system fitted as standard on Swift Group caravans (except Sprite Freedom)

The self-powered TRACKER Retrieve system is one of the most effective tracking systems available, recognised by all police forces. Powered by its own battery, it is ideal while the caravan is in use or in storage. Activation of the system is via a specially negotiated annual subscription.

STYLE AND CHOICE

- Modern desirable looks inside and out
- Caravan weights to suit a wide range of tow cars

ESTABLISHED FOR OVER 50 YEARS

- Experienced company with over 50 years of manufacturing knowledge and dedicated long serving craftsmen
- Europe's No1 manufacturer of Caravans, Motorhomes and Holiday Homes
- Swift Group undertakes what is probably the most extensive research and testing programme in the industry to ensure the design team can create products that set the industry standard for style, value and practicality.
- Recycling waste and reducing carbon emissions is a fundamental part of the Swift ethos and initiatives are always underway to achieve further improvements wherever possible
- At the forefront of product design with exceptional style, inside and out, just wander into any Sprite Dealership to see for yourself

DEDICATED CUSTOMER CARE

Social Network for Caravan and Motorhome Enthusiasts

- We believe our after sales and customer care are the best in the industry – check out our customer testimonials at swiftgroup.co.uk/swift-group/testimonials
- **Swift Talk** – Swift Group's own dedicated social media site is the industry's most popular social networking site with over 15,000 members. Swift Group staff monitor the forum and answer questions daily, providing invaluable help and support where they can to customers. A number of key suppliers and dealers are also active Swift Talk forum members too.
- A multi million pound investment programme in online technology enables dealers not only to order online, including spare parts, but also to check product availability and delivery dates
