

2015 Caravan Range

**Beautiful Style
Beautifully Priced**

THE STYLE YOU WANT AT A PRICE YOU'LL LOVE

From the sleek modern exterior to the ultra-chic interior, the Venus range has been redesigned to offer you a lightweight caravan with unmistakable style and unbelievable value.

With five fantastic models to choose from, each layout has been designed to make the best possible use of space. Comfort and flexible storage options are cleverly combined to provide a fantastic open plan feel, creating the perfect space whether you are relaxing or entertaining.

A STUNNING RANGE

The Venus range of caravans opens the world to you. With style and quality built into every model, the joy of touring has never been easier or more affordable.

The exterior has been redesigned with a stunning new curved front panel and full height rear panel. New exterior fixtures and fittings, from the gas locker door to the side skirts and the decals, give the models a vibrant, stylish feel.

The large one-piece window offers a panoramic vista of the outside world – while the interior shines with stylish touches. From the light walnut wood grain on the locker doors and cabinets, to the new tasteful Randazzo soft furnishings upon the aluminium-framed seating, the new range offers

chic design in every detail. The kitchen area is well equipped with high-impact worktop in “Crystal” laminate, a three-burner gas hob and a Dometic fridge with removable freezer compartment.

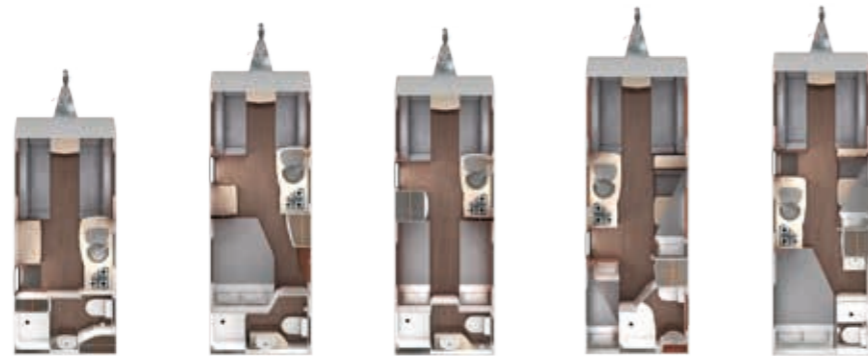

You can head out onto the road throughout the year, with the Truma Combi boiler keeping you warm and cosy. This fuel efficient blown air system offers both central heating and hot water.

Venus presents five models, ranging from 2 berth to 6 berth. Whichever model you choose, you’ll find affordability and style in equal measure.

- Spare Wheel and Tyre
- Underslung spare wheel carrier
- 800w, 20L microwave oven
- Radio/CD/MP3 player

Warranty

Venus Caravans are supplied with:

- A 6 year body shell integrity warranty
- A 3 year manufacturer's backed warranty (specific exclusions apply).

(Subject to an annual service and inspection and excluding items subject to normal wear and tear).

Each Venus model has been certified by the NATIONAL CARAVAN COUNCIL for compliance with stringent European Standards, British Standards and the industry set Codes of Practice that specifically relate to health and safety issues.

The approvals process covers the testing and inspection of all critical areas of the product from fire safety, weights and dimensions through to gas, electrics and ventilation.

Every caravan carries the NCC Approved Caravan badge that gives you the peace of mind in the knowledge that your caravan is both fully legal and safe.

Caravan Payloads: The method of calculating the MRO and payload figures has been changed. Allowances for essential equipment previously accounted for in the user payload are now either within the MRO (e.g. gas cylinders) or the personal effects payload allowance (e.g. leisure battery).
