

The complete *Collection*
of *Luxury* trailer tents and folding campers

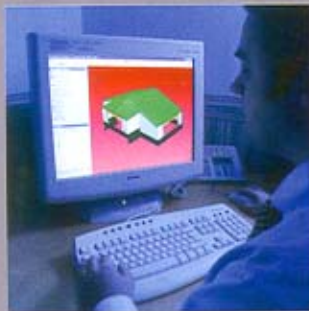

HOME WHEREVER YOU ROAM

Conway a new beginning

Our manufacturing methods couple technology with traditional finishing techniques.

Our campers are designed using the very latest in computer aided technology.

All our campers are inspected thoroughly using the hydraulic lift facility.

Classic Trio showing full 4 metre awning.

All our campers and trailer tents pack down to a compact towing size.

Conway Countryman complete with optional awning.

What's new?

New ownership means a whole new design concept – our design team have twenty five years experience in the research and development of Folding Campers.

We are sure that you will agree that by utilising this experience we have created a new range of Conway Trailer Tents and Folding Campers that are now worthy of the prestige associated with the Conway brand.

Folding Camper or Trailer Tent?

There is often much confusion surrounding the description and differentiation of Folding Campers and Trailer Tents. The following descriptions should provide you with the basic information which you need in preparation for your purchase.

Classic Trio. One, two, three options.

Trailer Tents

A Trailer Tent is a fully-pegging camper, as per a frame tent (i.e. both the cabin and awning areas require pegging out).

The trailer tent is also a budget range product mainly targeting the younger family.

Conway Cruiser. It's as simple as 1, 2, 3.

Folding Campers

Our range of Folding Campers differ from trailer tents through two main factors. Firstly, the cabin areas on ALL Folding campers do not require pegging out (except where optional skirts are fitted). Secondly the cabin interiors are much more refined and similar to caravan interiors in appearance.

Cruiser

The Conway Cruiser - erecting this camper is as simple as one-two-three! This camper has long been the envy of the competition due to the ease of erection. The "connaumatic" opening system means that sliding out the beds also erects the main cabin area. The body of the newly designed model is now nine inches longer providing even better value for money. The new signature colourway compliments the camper interior in an attractive blue and beige combination.

Folding Campers

Cruiser

The Conway Cruiser has long been the envy of the competition due to its simplistic erection mechanism. Couple this with a redesigned interior and perfectly co-ordinated fabrics and upholstery and we are sure that you will agree that we have found the perfect combination.
